

VERSION OF RIFLE FIGHT IS TOLD BY NEGRO NOW IN JAIL

WAS ASSISTED BY WHITE MAN
TO MAKE ESCAPE FROM MI-
LAM COUNTY OFFICERS.

Here is the story told by Ed Gill negro, charged with the shooting of Walter Stoenber, Burlington farmer, as printed in the Statesman at Austin following his surrender to the Sheriff there. The story was received here in a copy of the paper to H. Stoenber, father of the wounded man.

Ed Gill, a negro from Milam County, 52 years old and a farmer, is in the Travis County jail, having surrendered to Sheriff W. D. Miller at 8 o'clock Thursday morning, at which time he turned over to the sheriff a fine .38 Colt's revolver and a Winchester rifle. He had with him an ample supply of ammunition, stating that he did not have occasion to use any of it after leaving home Monday afternoon, but that he thought it necessary to "light out" prepared.

Gill acknowledged to a Statesman representative, who saw him in the county jail, that he shot Walter Stoenber, a white farmer 30 years old, Monday afternoon a few miles northeast of Cameron, near Burlington. He said that he shot after Stoenber had fired at him, and after the wounded man's brother had shot at him. He stated he had lived long in Milam County and is well known there. He told the same story to Sheriff Miller, the latter said, and he talks freely and without any restraint. The story is simply told by the negro, who, said the difficulty arose over an attempted settlement between the father and sons from whom he had rented land, and himself, as he had notified them he was going to move to another place. When asked how badly he had wounded Stoenber the negro said he did not know; that he saw the wounded man's wife and mother run to him after he had fallen and he judged, from what he saw of the hurried examination, the shot must have taken effect in or near the stomach.

When Sheriff Miller telephoned Sheriff Blaylock at Cameron Thursday morning that he had Gill here, the Milam County Sheriff asked that the prisoner be held, stating he would come for him immediately, as he had been sought since Monday evening. Sheriff Blaylock stated Stoenber had been shot twice and was in a critical condition. There had been a reward of \$50 offered for Gill.

The prisoner stated that he had rented land from the Stoenbers some time in January; that afterwards he was offered more land by another landlord and decided to move. He said he told the elder Stoenber he

(Continued on page 4.)

EQUIPMENT FOR JURY ROOM TO BE URGED TODAY

COUNTY AUDITOR GILES AV-
RIETT SUBMITS RECOMMEN-
DATIONS FOR NEEDED
IMPROVEMENT

The County Commissioners Court meeting today and Friday for the February term of court will be asked to pass an appropriation for furnishings for the jury room in the county court house.

Giles L. Avriett, county auditor and Judge W. G. Gillis, have had the matter under advisement. Mr. Avriett has prepared a list of the furnishing needed and will present them to the court.

It is proposed to buy thirteen beds with clothing to furnish to put in a bath and to cover the floors, making the jury room sanitary and attractive. Conditions of sanitation in the jury rooms have been unfavorable, in fact have been almost unbearable and have caused jurors to protest and to shun service on juries. The court will confer a great favor if the recommendations are carried out to refurbish the rooms and to make them comfortable and clean.

To Mr. Avriett and Judge Gillis are due the thanks of the public in urging this improvement. It is imperative that the jury rooms be furnished.

SHARPE IS CHOSEN ROLL CALL DIRECTOR FOR THE RED CROSS

COUNTY SHORT OF QUOTA ON
LAST CALL—MAY ESTABLISH
RED CROSS STORE IN CAM-
ERON.

Walter F. Sharpe, young Cameron business man, has been chosen to direct the Red Cross Roll Call in Milam county this year. He has served as secretary of the Milam county chapter for the past term. He was elected at a meeting held here Friday at which time the business of the chapter for the preceding year was closed up.

Milam county failed to raise its quota for the last Roll Call, less than one-half of the amount set for the county being raised.

Miss Clara McCormick, division superintendent and traveling representative from the St. Louis headquarters who spent two days in the county visiting the several subordinate branches of the chapter, was present to go over the work for another year and to outline the general aims of the Red Cross.

A statement of receipts from the last roll call showed that \$1,135 had been collected. The receipts from the auxiliaries were as follows: Thorndale \$305.89; San Gabriel \$70.00; Davilla \$75.66; Crush \$21.80; Rockdale \$363.28. All funds were called in to the general fund and the secretary instructed to send one-fourth to the national headquarters, the balance to be used in the home service branch of the chapter.

The committee discussed the matter of establishing a Red Cross Shop for the sale of articles donated and the proceeds to go to the Red Cross. It was decided practically to conduct the shop for one day each month and Mrs. W. O. Triggs, chapter representative, was instructed to investigate and report back to the committee.

The committee also decided to establish for immediate use a "loan closet" which is one of the features of the home service. This department will furnish bed clothing in cases where needed without cost. Mrs. Pearl Clement, Mrs. B. P. Matecha and Miss Stella Carter were appointed as a committee to establish this feature.

The service department of the Red Cross was discussed with a call for volunteer service on the order of the National League of Women's Service. The Near East and European relief were stressed by Miss McCormick.

The meeting was called to order by W. G. Gillis, Chapter Chairman. Those present for the executive committee were: Oxsher Smith, Treasurer; Roy Baskin, Chairman Service Committee; Dr. A. S. Epperson, Nursing Committee; Miss Stella Carter, Public Health Nurse; B. P. Atkinson, Roll Call Director; Walter F. Sharpe, Roll Call Secretary; P. S. Graves, Davilla Member; Mrs. W. O. Triggs, Chapter Chairman.

TO CARRY RAT DRIVE TO RURAL COMMUNITIES

COMMITTEES APPOINTED TO VIS-
IT SCHOOLS AND TO PUT MAT-
TER BEFORE THE PATRONS

The Anti-Rat Drive will be carried to the rural communities under the appointment of committees made by the Commercial Club Friday night. So far little active interest has been shown by the public in the rat drive, only a few rat tails having been offered.

The Commercial Club is paying two and one-half cents each for rat tails, having appropriated funds from the treasury.

The following committees will visit the rural schools:
Newton McDonald and Sam Hearrell, Walkers Creek, Curry, Ben Arnold and Burlington.

B. P. Atkinson and Roy Baskin, Maysfield, Jones Prairie and Branchville.

J. T. Parma and W. G. Gillis, Marak, Buckholts, Yarrellton and Wokaty. John Mangum and Jack Lewis, Elm Ridge, Add Hall and Salem.

OIL SAND STRUCK NEAR MINERVA

21 Quarts of Liquor Seized By Sheriff Blaylock

Twenty-one quarts of liquor has been seized by Sheriff Blaylock in a raid made early this week near Cameron, where the stuff had been secreted.

The men were arrested as they sought to enter the town by automobile. They reside in an adjoining county and have been released on bond. Their car was searched but no liquor was found. Circumstances have linked the men with the charge.

K. P. LODGE WILL OBSERVE 58TH YEAR OF ORGANIZATION

MONDAY NIGHT PROGRAM IS
BEING PLANNED WITH THIRD
DEGREE FOR SIX CANDI-
DATES

Cameron Lodge No. 125 Knights of Pythias will observe the 58th Anniversary of the founding of the order in America Monday night following the regular meeting of the lodge. Refreshments will be served.

Monday night six candidates will complete the degrees, having been given the second degree on last Monday night. The meeting was one of the most enthusiastic in recent months with the members.

The lodge was opened by Chancellor R. A. Triggs. District Deputy Grand Chancellor W. O. Triggs was present to assist in conferring the degrees.

A letter from Grand Chancellor Charles Brewington to Keeper of Record and Seal, Fred Henry, was read to the lodge. Grand Chancellor Brewington congratulated the lodge on its splendid growth and mentioned The Cameron Herald through which he notes the progress of the lodge.

Mr. Brewington was a former resident of Milam county, having been reared to young manhood here and recently visited the lodge here and was entertained by its members.

Chancellor Commander Triggs and Fred Henry are urging a big attendance for Monday night so that as many as possible may join in the celebration of the order.

To Contest Will of Late Pioneer Mrs. Lizzie Wilson

Contest of the will of the late Mrs. Lizzie B. Wilson, pioneer woman of Milam county whose estate is estimated at \$400,000, will be made in the courts here this month.

H. C. Ledbetter, brother of the late Mrs. Wilson, will contest the will. The date for hearing has been set for February 22.

Jeff T. Kemp, executor of the estate, appointed without bond, will be represented by Henderson, Kidd and Henderson, lawyers of Cameron. Mr. Ledbetter will be represented by O. L. Stribling and S. H. Clayton, attorneys of Waco. Mr. Ledbetter resides near Cameron.

The contest has attracted wide attention because of the value of the estate and the prominence of Mrs. Wilson who was a great benefactress having donated large sums of money to schools and to individuals during her lifetime. The Wilson and Ledbetter families were among the early settlers in this county and are linked with the history of the state for the past half century and more.

Mrs. H. F. Smith has returned from Temple where she attended the golden wedding anniversary of Mr. and Mrs. W. A. Barclay. Mrs. Barclay was a Miss Ledbetter, sister of the late Mrs. Mrs. Lizzie B. Wilson and H. C. Ledbetter of Salem. Mr. and Mrs. Barclay were married in the home of Mrs. Wilson. Mrs. Barclay was for several years a resident of Cameron.

Hon. W. A. Morrison went to Austin Tuesday.

TICK ERADICATION TO COME UP IN COUNTY COURT

WHAT THE COMMISSIONERS
COURT WILL DO ANOTHER YEAR
BEFORE COURT TODAY AND
FRIDAY

What Milam county will do another year in carrying out the Tick eradication law will come up for consideration Thursday and Friday at which time the February term of the Commissioners' Court will be held.

Representative Martin of Lamar Wednesday introduced a bill in the house to repeal the tick eradication law.

Milam county is still under Federal quarantine because of failure to dip cattle in accordance with the regulations. The county at present has no inspector, Dr. A. L. Shabram, Federal livestock commission representative having been transferred from the county late last winter.

The Milam county live stock association has had the matter of tick eradication measure up for consideration on several occasions and has made an effort to free the county of ticks because of the resulting damage to live stock interests. What the court will do will interest very materially the interests in this county.

Appointment of road overseers will also come up during the term.

\$50,432 City Tax Collections For January

City tax collections for the month of January amounted to \$50,432 according to a statement rendered this morning by Dan Tyson, city tax assessor and collector.

The collections for January were heavy as compared with the previous month because of the time limit on county and state taxes and the season for tax payment.

Of the amount the money has been apportioned as follows: Ad valorem \$12,137.88; Interest and Sinking Fund \$5,712.07; School Tax \$26,775.34. Poll \$452.

REV. IRA F. KEY CLOSES MEETING

BUCKHOLTS CHURCHES REVIV-
ED DURING RELIGIOUS CAM-
PAIGN LAST WEEK.

Rev. Ira F. Key has returned from Buckholts where he has been engaged in a revival meeting. The meeting was successful and the churches received a number of new members.

Rev. Key will preach from his pulpit at both the morning and night services Sunday. The morning service will be "Conservation and the night service will be "Investment."

JAS. HENRY FULCHER DIES IN THORNDALE

OLD MILAM COUNTY CITIZEN
DIES AFTER LINGERING
ILLNESS

James Henry Fulcher, aged 73, 5 months and 1 day, died at the family home just north of Thorndale Sunday night at 9:30 o'clock.

Mr. Fulcher was born in Milam County September 12, 1847 near Old Independence, moving to his late residence in the fall of 1872 and residing in the one house continuously until his death.

Being a progressive spirited man he was always identified with every forward move for his community, and his fellowman, he was actively identified with the movement of extermination of the bands of famous horse

NEW LINES MADE FOR CONGRESSIONAL DISTRICT NO. 10

NAVARRO AND HILL CUT OUT—
NO CONGRESSMAN IN NEW
DISTRICT—LEAVES OPEN
FIELD.

Navarro and Hill counties have been cut from the Tenth Congressional District of which Milam county is a part, under the sub-committee bill completed by the Committee on Congressional districts in the present legislature and reported Wednesday. Grimes, Walker and Montgomery county have been added to the district.

The new district will include the following counties: Limestone, Walker and Montgomery. The new arrangement will eliminate the preponderant vote in the northern end of the district which has heretofore been a decisive factor in congressional elections. The new lines give this end of the district a more even distribution of the vote.

One of the significant facts of the redistricting is that no congressman is now serving in the new district and no territory is included where there is a hold over congressman. Rufus Hardy, now serving the district of which Milam is a part, resides at Corsicana in Navarro county and is thus eliminated from the new district.

The fine hand of political strategy is seen in the shaping of the new district and is predicted that a candidacy will soon be announced.

One of the admittedly master strokes of the bill is to make all the districts Democratic. Texas Democracy is still smarting under the sting succeeding the election of Republican Congressman Wurzbach of Seguin. Under the bill that district is rent and what is regarded as democratic territory added.

The fact that a new bill affecting Milam county would be reported Wednesday was known to a few in Cameron who have watched developments with interest.

DR. A. B. GUINN IS BUILDING A LARGE PRACTICE HERE

CHIROPRACTOR SERVING LARGE
TERRITORY AND PATIENTS
INCREASING EACH WEEK

Dr. A. B. Guinn, Chiropractor, who recently opened office in Cameron, is building an extensive practice covering Cameron and surrounding territories. Dr. Guinn has fitted out a complete set of offices in the Fahren-dorff building on the north side of the square.

Dr. Guinn is making plans for a practice and a future which the territory guarantees. He was formerly engaged in practice in Gonzales and has made great advancement in the new science now developed to large proportions as an avenue of health restoration throughout the country.

thieves in this county in the early days.

Besides the widow, four sons and one daughter survive the deceased. J. T. Fulcher, postmaster of Thorndale, being the elder of the sons.

Funeral services were conducted at the late residence by Rev. J. J. Burk, pastor of the Thorndale Baptist church, of which deceased had been a consistent member for more than 30 years, after which interment was made in the Locklin family cemetery near San Gabriel. The funeral was one of the largest in point of attendance ever held in Milam county which attested to the general respect and love held by his fellowman for the deceased.

Mr. and Mrs. P. O. Adams and daughter, Miss Louise and Miss Bass were among those from Cameron who went to Belton Monday to hear Schuman-Heink.

J. M. Dodson of Ben Arnold, was a business visitor in Cameron Tuesday.

Hohenstein and Smith well No. 1 on the Isaacs farm one and one half miles from Minerva was reported to be producing at the rate of one-half barrel an hour at three o'clock this afternoon.

The sand was struck at three o'clock this morning, the bit penetrated only a few inches. The well has been producing oil continuously since that time according to authentic information received here from persons who visited the well and from Rockdale.

It is estimated that the well will prove a good producer. The well is six miles from Rockdale and only a short distance from Cameron. Considerable interest has been shown. The well extends the Tracy field for about three miles east.

THOMASON GIVEN OVATION BEFORE SPEECH TO HOUSE

BOOM FOR GOVERNOR STARTED
FOR EL PASO—PLEADS
FOR DEMOCRATIC LEAD-
ERSHIP

Austin, Feb. 16.—Thomason for Governor boom talk was renewed in the lobbies of the Capitol here this afternoon, when Robert E. Thomason of El Paso, former speaker of the House, and candidate for Governor last Summer, was given the greatest ovation by the House of the 1921 session.

The former Speaker entered the bar of the House shortly afternoon, while a member of the House was speaking. The speech was stopped by a waive of applause, which grew into an ovation. Members cheered with yells and the membership rose to their feet, and some waved their arms. As soon as the speaker yielded the floor, Thomason was escorted from the floor of the House to the Speaker's stand, and the ovation was repeated.

The former Speaker was introduced by Speaker Charles G. Thomas, who paid a pretty tribute to Thomason.

Thomason is in Austin arguing a case before the Court of Criminal Appeals. He has declined to discuss politics while here.

Thanks Legislature

Nothing of politics was discussed by Thomason during his brief speech to the House. He thanked the House and the Senate for having invited him to make an address to a joint session of the two bodies. He said he had declined because he did not believe it proper at this time for him to accept the invitation. The need for a new democratic spirit in the Nation was remarked upon by Thomason.

Beaten the most decisively in its history, he said, the Democratic party must survive and be returned to power in the next four years. Leadership is the demand, he said, and he predicted that Woodrow Wilson would be acclaimed with the gratitude of his Nation as soon as the partisan politics of the day are forgotten.

Thomason Served El Paso

Thomason lives in El Paso, and was as Representative from El Paso County that he made his entrance into the State politics of Texas. When he went to El Paso the Mexican vote virtually dominated in the county and city elections and Thomason, young in years and new in the county, undertook a fight to prevent all but naturalized Americans from voting. He was elected to the Thirty-fifth Legislature. He carried his fight for Americanism in the House and won his point, but constitutional amendment was necessary, and the House at this session has submitted such an amendment.

Thomason spoke in favor of this amendment during his speech in the House this afternoon.

J. S. Barmore, prominent farmer of Maysfield was in Cameron Monday looking after business. Mr. Barmore is temporarily located in Waco now, his wife being under treatment there.

Mr. and Mrs. J. D. Dobbins spent last Tuesday in Waco.

NEWS FROM SHARP COMMUNITY

Edited by Mrs. W. H. Lyon

Sharp, Feb. 13.—A number of our farmers are up with their plowing and some intend to begin planting corn soon.

In Cameron Hospital

This writer reported Miss Ruth Duncan much improved since her last attack, but unfortunately, before the issue was published, she had another severe attack, and was carried to the Cameron hospital, where she is now resting very well. Her friends wish for her an early recovery.

General health in this community is very good, but several cases of malarial fever around.

School Attendance Good

School is progressing nicely, have not been visited by any epidemic, and attendance has held up unusually well for this time of year.

Mr. Chadwick, a prominent attorney from Oklahoma, was a guest in the Lyle home the last of the week. Mr. Chadwick a cousin to the family, having visited here before.

Mr. Moore of Davilla was here for a short time on Sunday last.

Mr. and Mrs. Robert Lee Lyon of McGregor are here for a visit to homefolks.

Last Saturday was court day in our little city, and things were bristling with business of that kind for several hours. A number of people from San Gabriel were here, as well as the usual officers of that court. Justice of the Peace, Willie T. Walker, Constable Gambill, Jack Lewis and others.

Hal Lyon was out for a week-end visit at home.

In Temple Sanitarium

Mrs. Jim Byrd is now in the Temple hospital, where she recently underwent a very serious operation. She is now doing nicely, and will probably be home in a few weeks.

Dan Davis, Jr., is at home after a recent visit to his sister in Dallas.

Mrs. Frank Craven and children are in Brownwood, where they will spend a couple of weeks with her sister, Mrs. Tom Jackson.

Talk New School Building

There is some talk of a new school building at Sharp by another term.

Mr. and Mrs. Will Swartz entertained their friends at their home last Thursday night. A very agreeable time was spent by those present and they hope to have another such privilege soon.

A baby girl made her arrival in the home of Mr. and Mrs. Alvin Rosenberg last Sunday, Feb. 13.

Next Sunday is the regular preaching day here, and Bro. Logan will preach both Sunday morning and night. Every one invited to come.

Drilling Oil Well

Davis Bros., Ross and Ray, are drilling a well on the Mewhinney place in the Friendship neighborhood. The well is only recently begun and no particular indications have appeared so far.

Good Showing in Well

The well on Mr. Dilworth's place is progressing nicely, and some very good dirt has been taken out recently. A good deal is expected from the well as the usual formations have been struck at intervals, and those who have seen them believe that they will get oil.

Mrs. D. R. Criswell and son, Delma, were here Friday. Miss Naomi accompanied them to spend the week-end.

Mrs. Dan G. Davis has as her guest this week, Mr. and Mrs. Cabbell of Bynum.

Little Miss Bernadine Petty visited relatives at Pettibone last week-end.

Clifford Raby was home for the week-end.

Just received, a car of GOOD RED PLANTING OATS.—R. L. Batte at Oil Mill. 40-2t

\$27,771 IS TOTAL FOR REALTY SALES DURING THE WEEK

UNUSUAL ACTIVITY SHOWN IN REALTY MARKET—CITY PROPERTY IS SELLING

Real estate transfers total for the past week reached the sum of \$27,771. This is the largest aggregate of transfer considerations in recent weeks and indicate a healthy condition in the real estate market in Cameron.

The transfers this week show an unusually large number of transfers in city property.

The largest sale reported for the week was 200 acres by D. A. Lane to William Becker out of the T. J. Chambers one league grant. This is highly improved farm land. The second largest sale of the week was a 40 acre tract out of J. J. Lendo four league grant sold by Ernest Becker to Will Wuenche for \$3000.

M. G. Cox to Patience Rogers, lot 6 in block No. 9 in the town of West Cameron; consideration \$350.

Robert Wagner to Mrs. Annie Wagner, lots Nos. 1, 3 and 5, out of the Bridget Jones Addition to the town of Burlington; consideration \$1000.

Joe N. Luce to Minnie B. Henderson 1-6 of an acre of land out of the W. W. Lewis League; consideration \$50.

Martha Allen et al to T. S. Henderson et al 1-4 acre of land out of the W. W. Lewis League; consideration \$25.

George A. Hall to T. S. Henderson, lot No. 4, in block No. 2 and the south one-half of lot No. 6, in block No. 3 of the Subdivision C. of Henderson's and Arnold's addition to the town of Cameron; consideration \$2500.

Greer Shuffield to T. S. Henderson, lots Nos. 11, 12, 13 and 14, in block No. 34 of West Cameron Addition to the city of Cameron; consideration \$150.

Jewell Butler et al to T. S. Henderson, lots Nos. 11, 12, 13 and 14 in block No. 34 of West Cameron Addition to the city of Cameron; consideration \$150.

Mollie Green et al to Minnie B. Hen-

derson, lots Nos. 19 and 20 in block No. 2 of West Cameron; consideration \$375.

Lina Ross et al to T. S. Henderson, one acre of land out of the W. W. Lewis League; consideration \$300.

J. G. Aldridge to R. L. Livingston, 69.9 acres of land out of the Wm. Pharris Grant; consideration \$1,000.

Henry Hurst to Willie James Dotson et al, south one-half of lot No. 3 of Lyle's Second Addition to the city of Cameron; consideration \$600.

W. S. Hipp to Texas Gravel Company, three tracts of land: 1st tract: 159.75 acres of land out of the J. A. DePena 11 League Survey; 2nd tract: 34 acres of land out of the Benjamin Bryant Survey and J. D. Sanches grant; 3rd grant: 75 1-4 acres of land out of the J. D. Sanches grant and Benjamin Bryant League; consideration, of removing any cloud on the title of said property.

Mrs. M. L. Sapp et al to W. F. Holmes, 107 1-2 acres of land out of the J. D. Sanches Survey; consideration, \$2,700.

W. H. Clark et ux to W. H. Camp, two acres of land out of the Daniel Robinson League; consideration \$2750.

D. A. Lane to William Becker, 200

acres of land out of the T. J. Chambers One-League Grant; consideration \$10,000.

Ernest Becker to Will Wuenche, 40 acres of land out of the J. J. Lendo Four League Grant; consideration \$3,000.

J. H. Thomas et ux to H. M. Thomas, 98 1-2 acres of land out of the J. K. Tyler Grant; consideration \$1395.

J. H. Thomas et ux to H. M. Thomas et al, 100 acres of land out of the J. K. Tyler Grant; consideration \$1416.06.

Mrs. Alice Mitchell et vir to Jack Dinkins, a tract of land, 70 feet square out of the Martha Rogers Addition to the city of Cameron; consideration \$10.

The Commissioners' Court will meet in regular session on the 17th and 18th of February, at which meeting the matter of appointing road overseers for the year 1921 will be taken up. Also the matter of the tick eradication work in this county will be taken into consideration.

Spring Exposition

Spring brings the most charming fashions. Frocks, Suits and raps echo the paeon of joy that marks the coming of the year. The apparel created this spring is of the most fascinating and charming modes, some without a very practical term, of course, for the delectation of women. Inspection discloses a very choice collection of the earliest models for women who desire the new while the bloom is yet upon it.

A Glorious Tradition in the Spring Hat

Every year comes the fresh new pleasures of selecting Spring Millinery, every year the delightful query of whether it shall be fethers or flowers, a large one or a small one. This season's modes are charming. It is not a moment too early to select the Hat for your suit, the Hat for sports wear and the Hat to accompany lovely frock. Sailor, cloche, off-the-face and Russian turban styles are much in demand.

New Blouses Spell Beauty in Color

Lovely intriguing things are the Spring Blouses, meant to add a gay note to already attractive suits. Crepe Georgette, crepe de Chine, soft laces and Chiffon are the stuffs of which they are made. Embroidery, beading and a giddy whirl of color and metallic thread are their decorations. Then, if a suit must be serious, there are smart and severe tailored models, exquisite in their plain beauty.

Dainty New Footwear For Women

Favored Spring modes are here. Straps, buckles, beading and unusual fastenings add to their charm. There is something very feminine and lovely about this footwear. The price is something that will suit you too.

Sheer and Lovely is New Spring Hosiery

Fashion has turned her errant fancy upon milady's feet and ankles and presto! the loveliest of creations in feminine footwear and Hosiery have been evolved. Cobwebby Hosiery, clocked, embroidered and dropstitched, with lace inserts or simply plain and beautiful, give a well dressed finishing touch to the costume. Silk and wool mixtures in very fetching effects are seen where smart sportswomen congregate. You will want to linger long over these fascinating displays.

TRIGGS DRY GOODS COMPANY

Spring Announces Its Arrival

WITH A BRILLIANT COMPANY OF

Smart New Fashions And Fabrics

With the formal opening of our Spring Displays, all questions pertaining to the modes and fabrics of this new season are authoritatively answered. And never have Apparel, Millinery accessory and fabric secrets been disclosed in a spirit more joyously typical of Spring. Colors rival the gay birds returning from the Southlands; beauty is the order of the day. But most gratifying of all is the fact that apparel plans has not been delayed, purchases need not be put off, for there is an unmistakable note of economy in every display.

Easter Footwear

At no time of the year are on displays more interesting, more replete with the smartest footwear styles the season has to offer than they are before Easter. This year is no exception, dozens of highly desirable styles in high and low footwear for men, women and children are now in readiness waiting to be selected at prices which speaks volumes for economy.

Your Spring Hats

In all the world of fashion nothing can assume the importance of the Spring Hat. From Paris and from our own designers comes a collection of fascinating New Millinery, no woman will want to miss. Individualized Millinery for every occasion and moderate prices are features of this auspicious event.

Your Spring Suit

The tailored suit is always fashionable, but never with greater justification than it has been this Spring. Dashing new offerings fashioned of Navy Blue Tricotine and bound or trimmed with silk braid suggest street wear or traveling. Every suit presented is notable for its handsome tailoring and exceedingly moderate priced. Suits range from—

\$25.00 up to \$37.50

Brand New Frocks for Spring

Just as jolly and gay as a girl herself in Spring are these attractive new frocks of all the new materials. All are so attractive that certainly you will not wait until Spring to buy one. The prices are as attractive as the frocks.

Spring Blouses Fresh and New

Vivid tone poems are the Blouses of crepe Georgette, tinted laces and crepe de Chine. The most severe of suits will assume a gay air embellished by one of these Blouses while for less festive times are smart tailored models, tucked, plaited and befrilled. This is a good time to get the new Blouses a spring suit requires. Prices are an asset even in early selections.

The Cottons You Need and Want

ARE NOW LOW PRICED

As they are actually marked at much less than the prices which are going to prevail during the coming months.

It will pay you to look ahead to summer and to anticipate its requirements as well as those of the immediate present. Offered in fresh springlike patterns and a host of delectable colorings at great saving prices.

Dotted Swisses, embroidered and plain, Organdies, Organdies and Voiles, Madras Shirtings, Tissue Ginghams, Flowered Voiles, Red Seal Ginghams, Percales, White Skirtings.

How can we serve you better? Make our store your store. Modern business is based on mutual profit. The interest of a store and its customers should be identical. We extend a sincere invitation to visit our store this spring.

TRIGGS DRY GOODS COMPANY

CAMERON, TEXAS

PEACE

A certain land had been ravaged for many years by wars between its several states, so that the people groaned under the burden of taxation and patriotism. The wise men of the several states, perceiving that the people were weary of strife, met to make an end of wars. The chairman of the meeting, who was wisest of all, made a little speech, in which he said: "Our first task will be to hang all the historians. The histories of my state which are studied in the schools are little more than records of military campaigns made palatable with boasts. We cannot lessen the lust for war while teaching our sons that war is a pathway to fame."

The other wise men agreed that the way to kill a tree is to dig it out by the roots and though the historians were spared they were required to revamp their works until periods of combat appeared only as ugly incidents in the peaceful progress of state. Where formerly the historian had devoted eight chapters to the description of a campaign and employed an average of three adjectives to the line, he now was required to content himself with a footnote in small type: "March, 1716, to April, 1717, war was against Delcoland; got licked; cost \$2,040 lives; made 163,207 cripples; increased taxes 132 per cent."

The expurgation of the histories was not the only concern of the wise men. They recognized man's normal desire to excel his fellows and to win their praise, and inaugurated a new standard of merits whose functioning is made apparent in a quaint book of the day wherein is set forth the accomplishments of men considered worthy of immortality.

"Smith, James Howard," the book reads, "born 1873, native of Glenway. Twice cited before the citizens of his town for unflinching courtesy under the most trying conditions; involuntary bankruptcy in 1903; paid creditors in full in 1906 and received iron bar of the first class; died 1917 without once having complained of his hard lot in life. Statue by Roling at entrance of Druid Park."

And again: "Howard, Hiram, born in 1828, native of Clearbrook. Received Order of St. Thomas with shield in 1842 for raising sow weighing 932 pounds; Congressional Medal granted in 1875 when his fourth son graduated from agricultural college. Died in 1882, leaving his land in better state than it was when he acquired it. Admitted to Hall of Fame in 1883."

Another: "Wharton, Billy, 1810-1853, birthplace unknown; wit, storyteller and comedian. Made 2,432,622 people laugh and forget their troubles cited 1832-33-34-35-36; Order of Golden Heart 1837; Congressional Medal 1838; thanks of the Congress 1839; Arch of Triumph designed by Sardon at entrance of Capitol grounds."

Thus it came about that schoolboys learned to covet honors that could be won in the arts of peace; for in their schoolbooks was praise of good workmen and good citizens, but no mention of battles or generals. Wars were mentioned, to be sure, but only in explanation of destruction wrought and of taxes levied, and pupils were not required to remember the dates.

"The ten-year period from 1786 to 1796 witnessed a fearful and shameful conflict between men," a professor of history would say, "and yet this period brought into prominence three of our most illustrious citizens. Can any young gentleman in the class name them and give a summary of their achievements?"

And then a young gentleman would get to his feet and say: "Will Golding, who perfected the seedless watermelon; Anna Waite, who made the first lemon pie; and Harley Crowden, who invented automatic bricklaying."

Once schoolboy said to the professor: "The lesson says the town of Huntingwald was added to our possessions in 1801. Did we pay for it?"

"Yes, my son," answered the professor. "We paid 6322 eyes, 14,827 legs and arms, and the bodies of 8720 young men. And we are still paying taxes for it."—Saturday Evening Post.

Liquid Borozone is an efficient healing remedy for human or animal flesh. It mends a severe wound, sore, cut or scratch in the shortest possible time. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Co.

LIKE TO OWN A PET

FOR SALE: A MONKEY, answers to the name of Herbert and has the following gilt-edged qualifications: No table-manners to speak of; penchant for biting ladies' ankles; weakness for bananas, cigarettes, and silk stockings; hospitable to fleas. Apply to MAE MURRAY. It all came about in this way: George Fitzmaurice, who directed Miss Murray and David Powell in a new photoplay called "Idols of Clay" purchased "Herbert" for use in some South Sea scenes made in Miami, Florida. As long as the monkey was in the open air, his behavior was faultless, but as soon as the company reached the Paramount studios in New York and the glare of the Klieg-lights shone into "Herbert's" temperamental eyes, he went on a rampage. Miss Murray has, therefore, decided upon a separation. "Herbert" may be inspected at the Auditorium Theatre Friday when "Idols of Clay" will occupy the screen there.

STOMACH TROUBLE, GASES, INDIGESTION

"Pape's Diapepsin" is the quickest, surest relief for Indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 49

A modern discovery for the rapid healing of flesh wounds, cuts, burns, bruises, sores and scalds is Liquid Brozone. It is a clear, colorless liquid possessing marvelous healing power. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Co. adv

AROUND THE COURT HOUSE

Tax Penalty Unchanged

The Attorney General's department advises Tax Collector W. A. Bonds that house bill postponing the publication of the list of delinquents until October 15th next and reducing the penalty from 10 to 5 per cent during that period, and which was recently signed by the Governor, cannot have the effect of releasing or changing the amount of penalty accrued on February 1st, 1921, on taxes due for the year 1920, or that may have accrued on taxes due for any year prior to 1920, before the expiration of ninety days from the date of the adjournment of the present session of the legislature, and up to that time the 10 per cent penalty remains and must be paid.

Not only so, but the present law of this state pertaining to the collection of delinquent taxes will continue and remain in force and must be complied with at least up to the time this act becomes effective, in like manner as if this act had not been passed.

This bill passed the House by 110 affirmative and four negative votes and passed the Senate by 18 affirmative and 8 negative votes. The bill passed the House by the necessary two-thirds to carry the emergency clause, but it failed to receive the necessary two-thirds majority of all the members elected to the Senate. For this reason the bill cannot become a law until ninety days after the adjournment of the present legislature. —Rockdale Reporter.

16 Suspended Sentences

In response to an inquiry from Gov. Pat M. Neff regarding the number of suspended sentences granted in Milam county during the past two years, District Clerk Penn Wolf has compiled a report showing that during the years 1919 and 1920 there were 16 defendants released under the suspended sentence. This report further shows that not a single defendant has been re-arrested. —Rockdale Reporter.

wanted to move. He stated this was done Monday morning and the landlord told him to move if he wanted to, but mentioned a debt Gill owed, telling him the debt must be paid first, and that he would send his son to collect it. When the son called, stated Gill, they could not agree. He stated that he did not like the way the son talked before he went away; that latter two of the sons came to his house, taking up places some distance apart, they shouted to him, he said, in tones and terms that caused one of his own sons to remark, "Dad, I told you all the time they was going to start something."

Gill stated that finally one of the men shot toward the house, after which the second fired; he stated that when he found he was wounded he fired back with his Winchester, immediately following which one of the two brothers fell. He said the other repaired a distance farther from the house and fired back twice, when firing ceased, as the mother and wife of the man he says he shot were rushing to his side.

Gill's story of leaving his home, well armed, hiding in the woods until after dark Monday night, traveling afoot, wounded, laying out in the woods all of Tuesday without food and walking forward again in great pain Tuesday night, was interesting to say the least. He stated that early Wednesday morning he got the first meal he secured from Monday evening until Thursday morning when he surrendered to Sheriff Miller. He said he called at the home of a colored man and asked for a drink of water; that the man evidently noticed he was tired out and asked him if he wanted to eat; that he replied he "believed he would like to have a smack," and sat down to eat. Late Wednesday night he arrived at Valley Junction, on the I. & G. N. railroad, he said, hungry, worn, tired and sore. He heard there that officers had been notified to watch out for him, he said, and dreaded to catch the train for Austin.

White Man Aided Financially

Gill stated that he did not have the money to ride the train, anyway, but saw a white man whom he had known for years; that he called to him, "come clean" about the whole affair and the white friend gave him the price of a ride to Austin, provided "you never tell anyone who gave you the fare." The prisoner said he waited until the passenger train for Austin reached Valley Junction at 2:30 Thursday morning and went to the dark side of a coach and was let in from that side; that he rode on into Austin and surrendered. Gill said he must have walked forty or fifty miles, all told, as he took a circuitous route.

Dr. Kreisler, county physician, was called to the jail for the purpose of examining Gill's wound and giving such medical treatment as might be needed.

"IDOLS OF CLAY" NEW FITZMAURICE FILM

AUDITORIUM THEATRE 18th, 19th

Picturesque Backgrounds for Thrilling Picture-Story by Ouida Bergere

The langorous South Sea islands mingle with London's Limehouse slums in George Fitzmaurice's latest production, "Idols of Clay," which will have its first local showing at the Auditorium Theatre next Friday and Saturday. Mae Murray and David Powell are the feature players. The story was written by Ouida Bergere.

The central characters are Faith Merrill, a pretty, innocent creature living with her father, Jim Merrill, a derelict, and his dissolute partner, Blinky, on an obscure South Sea island. Merrill and Blinky sell illicit rum to the natives in return for smuggled pearls. To the island comes Dion Holmes, a young sculptor, who is drifting around the world in the effort to forget an unfortunate affair with a Lady Cray, in London. Faith picks him up half-conscious on the beach, and under her care not only his health, but his considerable talent for working in clay returns. Later Jim Merrill is killed in a drunken brawl and Dion, completely restored, returns to London to take up his career again.

The exciting adventures that befall Faith when she attempts to follow him form the remainder of the action.

PRESBYTERIAN CHURCH

Some fifteen of our people are this week attending the Waco convention. We are expecting that we will have a special service Sunday night in which those who have been in the convention will tell the folks who could not go the big time they had.

We have set our stakes for a per cent increase in our Sunday School by the first Sunday in March. We believe that we are going over the top.

Keep in mind the meeting to begin March 14th. Rev. T. W. Currie, D. D., of Austin Seminary and head of Y. M. C. A. work in the State University will preach for us.
H. R. McFADYEN, Pastor.

Friday and Saturday
25th and 26th
"Cradle of Courage."
William S. Hart.

NEW HEFLEY FRIDAY AND SATURDAY

In "Forty-Five Minutes From Broadway," George M. Cohan's famous Broadway success, the screen version of which has just been released through the First National, Charles Ray, in the title role is at his very best. Countless theatre-goers will remember with pleasure this characterization of an ex-pugilist from the Bowery—Kid Burns by name. Victor Moore first created the part in 1904 and eight years later, George M. Cohan, the author of the play assumed it in a big revival of the show.

But Mr. Ray has given it his own interpretation and from all accounts is the best the old play has yet had. George M. Cohan has expressed his gratification over the fact that Ray is the interpreter of his old role, in the picturization of "Forty-Five Minutes From Broadway" and considers him the ideal man to give the proper touches to this lovable character.

CLASSIFIED ADS

FOR SALE

FOR SALE—Rhode Island Red (range raised stock) Eggs for Hatching. 90 per cent fertilized, 75 cents for setting 15 eggs. Also will have baby chicks after 20th of February, both R. I. R. B. Plymouth Rock. \$16.00 per 100. \$8.50 for 50. S. Vestuba, Below Brooks Dairy, P. O. Box 681.

CAMERON MASONS CONFER THE MASTER DEGREE IN ROCKDALE

DEGREE TEAM GIVEN BIG RECEPTION BY ROCKDALE LODGE WITH INSPIRING SESSION

Rockdale Lodge No. 414 A. F. & A. M. on last Friday enjoyed one of the most inspiring sessions in its history, when the Master Masonic degree was conferred upon J. N. Weeks, the degree team from San Andres Lodge No. 170, Cameron, officiating. The Cameron brethren have recently been undergoing a revival of interest in the esoteric work, and now able to confer the degrees in a manner that will compare most favorably with any degree team in the state. Their team is composed of Newton McDonald, Max Mollins, W. G. Gillis and Tom Henderson, Jr., with Mr. McDonald occupying the Master's station. The work was witnessed by one of the largest turnouts of members and visitors the local lodge has ever had. There were almost half a hundred visitors, from far and near. One came from Michigan in the person of Bro. Warren S. Stone of Richmond, Mich. Bro. Stone is something of a Masonic historian, and his address following the degree work was interesting and something that every Mason present deemed it an unusual privilege to hear. Bro. Stone is the father-in-law of Bro. Tom Henderson, Jr. Interesting talks were also made by Bros. W. G. Gillis and E. A. Camp. District Deputy J. H. Ireland representing the Grand Lodge of Texas was also present and made the occasion his official visit for the current Masonic year. After the session ended a buffet luncheon consisting of sandwiches, hot coffee, cake, pie and lemonade was served.—Rockdale Reporter.

ROCKDALE LEADS IN MILAM COUNTY DRIVE FOR THE EUROPEAN RELIEF

Mrs. C. M. Sessions, local chairman of the European Relief Fund, has completed her work and as a result has sent to County Chairman T. S. Henderson at Cameron, the sum of \$260.52. She has received a letter of warm thanks from Mr. Henderson, stating that Rockdale heads the list in this drive for funds.

Mrs. Sessions furnishes The Reporter with a complete list of the local contributors, which appears below. In connection therewith she asks us to say for her that she is deeply appreciative of the uniform courtesy with which she was greeted, and the uniform cheerfulness with which contributions were made. Several of the contributors did not wait for her to come around but sent her checks as soon as they learned of her appointment as Rockdale chairman.—Rockdale Reporter.

CONFIDENCE

Man's confidence in his fellow-man is one of the greatest forces in our industrial and business life. Without Confidence in our business institutions there could be little efficiency or economy; surely no progress or prosperity. Let us have faith in ourselves and our industries. The nation needs confidence not indifference and doubt. Confidence is a tonic that strengthens us individually and collectively.

MILANO NEWS

By Chas. Howes.

Milano, Texas, Feb. 5.—The firm of J. B. Newton & Son seem to have no trouble in selling a carload of ear corn out of the car to the farmers of this vicinity one day this week.

The lamented Dr. Hudson, deceased, in his lifetime did a little farming on the side on some of his land, or had it done by hired labor. I heard him say once he knew what he was going to plant but he did not know what he would raise. He expected he would raise Cain as usual. I don't know whether Cain is still raised in this country or not.

Mr. Lon Peebles the night ticket agent, and Miss Bernice Beard, daughter of Hon. C. M. Beard were quietly married today, the 5th.

The children of Rev. H. M. Timmons of Navasota are visiting their

grandparents, Mr. and Mrs. Peebles. Mr. E. F. Evard, Sr., and Mrs. J. E. Beavers were married this week at the residence of the bride. Mrs. A. S. Russell who was in such bad health for a long time is a great deal better.

Milano, Feb. 14.—Prof. Dow, Professor of Sociology in Baylor University lectured twice at the Baptist church yesterday.

Mrs. W. L. Brown has returned from Chicago but Mr. Brown will be detained for a few days longer with O. R. T. business.

Misses Mae Luce and Lorena Taylor were appointed delegate to the Baptist Sunday School Convention at Waco.

Mrs. Judge Rowells, formerly of Palestine, but more recently of Clovis, N. M., died at her home at Clovis Saturday from a stroke of paralysis. Judge Rowells and his children by a previous marriage, passed through Milano today, (14th) with the corpse for burial at Palestine, the old home. Mrs. Howes and daughter made a

short visit last week to her sons and grandchildren at Bryan and Navasota. Her brother, Mr. Jack Cook, also visited Navasota.

Mrs. Lucy Jones of Central City, Ky., is visiting her sister, Mrs. Dr. Hudson and Mrs. D. B. Miller.

Mr. W. A. Baggett and wife of Chriesman visited Milano again on Sunday (13th).

HOUSE DECLINES TO EXTEND INVITATION

DOES NOT THINK IT PROPER TO LET MISS MACSWINEY TALK TO LEGISLATURE

Austin, Tex., Feb. 11.—By a vote of 54 to 61 the house this afternoon refused to adopt the senate concurrent resolution inviting Miss Mary MacSwiney of Cork, Ireland, sister of the late Terrence MacSwiney, mayor of Cork to address the Texas legislature. Miss MacSwiney is expected in Texas soon. The senate adopted the resolution yesterday, but the failure by the house to do so kills the measure. Considerable debate was given the measure before final action was taken.

Members of the opposition took the stand that inviting Miss MacSwiney to address the legislature would be an expression of approval of the cause of the Irish party seeking to divorce their government from England and that the legislature did not want to do this. An amendment was adopted wording the resolution to the effect that it would be establishing no political partisanship to invite Miss MacSwiney but the resolution failed on the final vote.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

Is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c. Made and recommended to the public by Parke Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless Child Tonic.

Beware! Say "California" or you may not get the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the child's stomach and liver so gently, so thoroughly. Directions on each bottle. But

DESTROY THE RATS AND MICE

(BY J. W. NEILL, DIRECTOR FARM INSTITUTE DIVISION, AUSTIN, TEXAS.)

State Department of Agriculture.

August 12, 1920.

Of all our animal pests, the rat is the most destructive, and dangerous. They destroy all kinds of crops, such as corn, and other grains, fruits and vegetables, in the field, barn or cellar. They pollute hay crops with their scent, until stock refuses to eat it. They undermine buildings, bridges and railway embankments. They destroy young chicks, turkeys and ducks and it is reported they have destroyed young pigs.

Danger—They carry bubonic plague, tuberculosis, trypanosomiasis, typhus fever, diphtheria, and other human diseases. In addition to the above the rats may become a dangerous factor in the spread of hydrophobia, as shown by the following letter of the Superintendent of the Pasteur Institute.

Austin, Texas, August 12, 1920.
Department of Agriculture,
Dear Sir:

In reply to your inquiry of the Pasteur Institute concerning the rat and mouse as a factor in the spread of rabies or hydrophobia. I will state they may at any time become an important and dangerous factor; should an epidemic of the rabies break out in the rat infested areas. All warm blooded animals are susceptible to rabies.

This Institute has found rabies in rats and given the anti-rabic treatment to persons bitten by rats and mice.

As a means of preventing the spread of rabies rats and mice should be exterminated.

Respectfully,

J. T. WILHITE,
Physician Pasteur Institute.

DAMAGE

Their annual damage will run into the millions. Every means possible should be employed to destroy this pest. Probably the most effective way of destructive is by means of poison, and I suggest the following plan:

It is said they carry hog cholera, chicken cholera, roup and sorehead.

FOR DWELLINGS AND OTHER BUILDINGS

Place a common goods box about 3 feet long on the floor of the building, about 2 1-2 inches from the wall. This makes a runway. A small strip of board is then taken from the lower edge of the box, on the side of the runway so that the rats can get into the box. Turn the box bottom up, making a runway and playground combined. Loosen a board at the top of the box to insert the bait and later the poison. Keep the top closed. Every evening open the top and put in the bait which should not be touched with the hands. Various

baits such as oatmeal made in the form of a dough, toasted bread moistened with water, cheese and meat scraps, are excellent baits. Feed the rats for several days or until you think you have them all coming for their feed. Now put out the poison bait, cleaning the box of all unused bait. Clean the box early in the morning before the poison bait is put out.

POISON BAIT

Use a good grade of Barium Carbonate which can be procured thru the local druggist. One part Barium Carbonate to four parts of meal, or one part of barium to eight parts of oatmeal, which should be mixed into a dough with a spoon. Place the poison bait in the box. Barium Carbonate is a mineral poison without taste or smell, and creates a thirst for water. Many if not all of the rats will go outside the building in search for water before they die. The amount of barium necessary to kill a rat will not poison any of the higher animals.

For Field or Wood Rats

I suggest the following: Dissolve one ounce of strychnine sulphate in one and one-half pints of boiling water. If the water is hard, add vinegar enough to dissolve the poison. Add slowly one heaping tablespoonful of glass starch dissolved in cold water, and boil until a clear paste is formed, bringing the mixture to the consistency of mucilage. Remove from the fire and add one ounce baking soda. Stir thoroughly. When reaction ceases, and the mixture recedes, stir in one level teaspoonful of saccharine. Add 1-4 pint molasses or heavy corn syrup. Mix well, then pour over, and mix well, with 13 quarts of clean, milo maize or feterita. Dry well before using. For more or less than 13 quarts, use other ingredients in proportion. Locate the burrows and place a tablespoonful of the poison bait in each.

As Commissioners Courts under our statute are empowered to take this matter up and provide poison it is to be hoped they will give it the early attention its importance demands. They will find their authority in Chapter 62, page 144, Act of the 4th called session of the 35th Legislature. The people of our cities and towns should join in this campaign against an evil which has cost too much money, and it is too great a menace to health. The State Agricultural Department will give all possible help.

Points to Remember

- Poison should be handled with extreme care.
- Keep away from children, cats, dogs and poultry.
- Rats are among the shrewdest and the most cunning animals on earth, and to trap or poison them requires the carrying out of a well defined plan.
- This work should be done in

close co-operation setting apart certain times for it.

4. Rats act as if they are systematically organized, and it takes organization to beat them.

5. Bury deeply or burn all dead rats.

6. In addition to destroying the rats, it may be a great blessing if a dead rat be found showing signs of being infected with a dangerous disease, to dip it in kerosene oil, and have county health officer to examine it, and if necessary send it to the Laboratory at Galveston for scientific investigation.

DESTROY THE RATS

AND OTHER PESTS

By the State Department of Agriculture.

SUMMARY OF THE LAW

Section 1. Provides that the Commissioners Courts shall have power to purchase the necessary poisons, and all accessories, and furnish same free or at cost to its people. And applies to prairie dogs, rats, coyotes, wolves, wild cats, gophers, ground squirrels, English sparrows and ravens.

Section 2. Provides that the court shall designate a time for putting out the poison, after giving 20 days notice by posting said notices at gins, mills, school houses, or other public places and by publishing the same in the county newspaper if there be one, for at least three successive weeks, stating that the poison can be secured from the commissioners court.

Section 3. Provides that the Commissioner of Agriculture shall furnish to said court formulas and instructions for preparing the poison and plans for using same.

Section 4. Provides: That the Commissioner of Agriculture, upon the request of the commissioners court as soon as possible demonstrate how to prepare and apply the poison.

Section 5. Makes it the duty of every land holder to procure and apply the poison as set forth in the plan furnished by the Commissioner of Agriculture, at the time set by the commissioners' court.

Section 6. Provides a penalty of not less than \$50.00 nor more than \$100.00 for refusing to act in accordance with the plans.

Section 7. Makes it the duty of the lessee or tenant to procure the poison from the court and to use it as directed, and permits said tenant to charge it to the landlord.

The object is to establish an agency in each county to combat the pest, and to provide the necessary means for its destruction and to force co-operation by means of penalties.

See acts of the 4th called session of the 35th Legislature, pages 143-144-145.

- II. Inaugural address by new officers.

CHAPEL EXERCISES

Last Friday morning at 9:00 o'clock pupils that had a talent for entertaining did their best and rendered a much appreciated program.

First was a reading by Sallie Coleman, "On the Road to Mandalay." This was very much enjoyed and it received a good round of applause. Next was a vocal solo by Miss Adams, "Bring Back the Golden Days." This was also very much applauded. Then the climax came when Miss Louise Denson gave a reading, "Johnny Reads the Newspaper." This was very much enjoyed and laughter was in order.

CARRY YOE CLUB

Last Thursday afternoon the Carrie Yoe Club met at the home of Miss Frances Morrison for a delightful afternoon of games. They were met at the door by Mrs. Morrison and conducted to the parlor where all kinds of games were played. Then Mrs. Henley and Mrs. Gillon showed the girls how to dance the Virginia Reel. Afterwards refreshments were served consisting of sandwiches, cake, olives, lemons and tea. After having a two hours' good time the guests departed.

BASKET BALL GAME

Last Friday afternoon the basket ball team of Cam-Hi went to Rosebud and came home the proud victors. The game was scheduled for 3:00 o'clock, but owing to some delay in putting on uniforms the game did not start until 3:30. At the end of the first half Cameron had 12 to her credit and Rosebud had 4. Jones, the coach, then took the boys into the gymnasium and gave a little talk. He stated that although Cameron was ahead that they were not putting their hearts into the game. The Cameron players went back to the game and piled up twelve more scores to their credit. The game ended with the score 24 to 12 in favor of Cameron. Those that went were: Thompson, McLendon, Taylor, Ireland, Hefley (Capt.), Mayfield and Self.

DISCIPLES OF SOCRATES

Last Thursday afternoon the Disciples of Socrates met in regular session and a good attendance was had.

A talk by Hubert Mewhinney on "How One's Character May be Made in High School," was very much enjoyed and received a good round of applause. Then came a hot debate, "Resolved: That Compulsory Military Training Should be the U. S. A."

Affirmative—Robert Massengale, Robert Mayfield.
Negative—Ray Mayfield, Billie Avriett.

After quite a while of discussion the affirmative was given the victory. The judges were Arthur Baskin, Kenneth Keith and Leonard Mewhinney.

WHO'S WHO IN CAM-HI

Frances Hefley

Miss Frances Hefley is a senior this year. She has made all her grades well and is one of the highest ranking seniors. She is a member of the Girls Club and has been elected to office. She is publicity chairman and her duty is to report all proceedings of the club and also to advertise it. Also she was one of the Seniors that was on the "A" list last week.

MAGAZINE PARTY

Last Saturday night a large part of the Senior Class met at the school house for the purpose of going to the home of Misses Joe and Sue Ida Smith for a pleasant evening. Several cars were there to take them but two were out because of accidents. One car ran into a telephone post and the other broke a spring. The party

was chaperoned by Misses Williams, Cane and Bass. When the party of young folks arrived at the home of Misses Smith they were immediately escorted to the chairs of the "Honorary Guests" which were Joyce Cox, John Sprott, Billie Clark and Charlie Frank Green. These boys were the editors of the magazine that won the contest. Several games and amusements were indulged in and after this brick ice cream and cake was served. One of the best things on the program was the writing of valentines. The one that wrote the best received a prize. Many were written but John Sprott carried the prize away. At eleven-thirty the merry party went home.

CHAPEL EXERCISES

Last Tuesday morning the expression pupils of Miss Clark gave an entertainment that was very enjoyed by the student body. Most of the readings were humorous and caused much laughter, especially that of little Gilbert McCullum. It was short but what it lacked in length it made up for the humor that was in it. It was named "Son, You Washed?" It was a story of a little boy whose father asked him every time he did anything if he had washed and at the last the little boy said that perhaps if he died and went to heaven St. Peter would ask him if he had washed. All of the others were fully enjoyed and the student body is grateful to Miss Clark for this fine entertainment.

B. Y. P. U. PROGRAM

I. Doctrinal Meeting—What things can I do to work out my own Salvation?

Leader—J. R. Hays.

I. Meaning of Salvation—John Culpepper.

II. Working Out this Salvation—Olive Henderson.

III. We should make the best of our lives.—Eugene Green.

IV. What we may do to complete or carry out our Salvation—Estelle Coleman.

V. In Christ's Stead—Tucker Wilkerson.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by purifying and Enriching the Blood. You feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Mother

Give Sick, Bilious Child
"California Fig Syrup"

"California Syrup of Figs" is the best "laxative physic" to give to a sick, feverish child who is bilious or constipated. Directions for babies and children on bottle. They love its fruity taste. Beware! Say "California" or you may not get the genuine recommended by physicians for over thirty years. Don't risk injuring your child's tender stomach, liver and bowels by accepting an imitation fig syrup. Insist upon "California." If

Hastings Seeds & 1921 Catalog Free

It's ready now. 116 handsomely illustrated pages of worth-while seed and garden news. This new catalog, we believe, is the most valuable seed book ever published. It contains twenty full pages of the most popular vegetables and flowers in their natural colors, the finest work of its kind ever attempted.

With our photographic illustrations, and color pictures also from photographs, we show you just what you grow with Hastings' Seeds even before you order the seeds. This catalog makes garden and flower bed planning easy and it should be in every single Southern home. Write us a post-card for it, giving your name and address. It will come to you by return mail and you will be mighty glad you've got it.

Hastings' Seeds are the Standard of the South and they have the largest mail order seed house in the world back of them. They've got to be the best. Write now for the 1921 catalog. It is absolutely free.

Washington County Representative Unseated on Charge of Obstructing The Selective Draft During War

Austin, Feb. 10.—The seat of Henry J. Neinst, member of the American Party, the elected representative from Washington county, was declared vacant, by the House of Representatives this afternoon by a vote of 114 to 13, six present and not voting, when the House by that vote adopted the majority report of the committee which investigated the charges against Neinst.

The House had just refused to adopt, by a vote of 112 to 114, seven present and not voting, the minority report of the committee signed by John H. Wessell, American Party member which recommended that Neinst continue to hold his seat.

Neinst Leaves House

When the vote of the House had been announced Neinst took his personal effects from the seat that he has been occupying since the opening of the session, locked his desk, turned in stationery and other property of the House to the chief clerk and soon retired from the hall.

During the voting Neinst refused to vote, being marked present and not voting. Neinst would not say if he would be a candidate to take the seat which the action of the House vacated. He has this under consideration.

The vote taken after a day filled with debate. The dramatic climax of the debate came when Frank H. Burmeister, born in Germany, and a naturalized American citizen, demanded that Neinst be unseated, and answered the speech of Sid J. Crumpton in which Crumpton spoke in favor of the House permitting Neinst to remain in its membership.

Crumpton contended that Neinst's unseating would be subversive to a democratic government. Neinst, he declared as been elected as the representative from Washington county after he had been convicted of obstructing the draft.

The people of Washington county were aware of this fact. They elected him; he is their representative; he should remain as their representative. Neinst's father is a German. He fought in the Confederate army.

Speaks With Accent.

Burmeister speaks with a decided German accent, but his English vocabulary is large, and he makes effective speeches.

"Forty years ago," Burmeister said, "I landed in New York as a German emigrant. I there foreswore all allegiance to the imperial German government, and when I came to Texas I became a naturalized American, swearing eternal allegiance to the Constitution of the United States and the Constitution of Texas."

"Since that time I have taken that Constitution to be the most sacred instrument ever drawn for governmental purposes, and I have observed it, and therefore I can not understand why any American-born citizen can stand in this House and plead for the retention of the Representative from Washington county as a member of the House when the Constitution plainly provides that a felon can not be a qualified elector and that only qualified electors can be members of this House."

Lauderdale Defends Neinst

Lauderdale made a speech in defense of Neinst, and then Owen

LEADING DRUGGISTS ALL SELL THIS FINE FAMILY REMEDY

Doctor's Wife Considers It a Positive Necessity

Nash Bros. Drug Co., makers of Nash's Croup and Pneumonia Salve which our local druggists have been selling for sometime, advise us that they have received a letter from Mrs. M. E. Staudenmayer, Boynton, Ark., saying that she finds Nash's Salve a positive necessity in her home.

Mrs. Staudenmayer's husband is a physician of high standing in the community. His knowledge of medicine probably has something to do with his wife's enthusiasm, as he knows Nash's Salve is not a patent medicine or secret nostrum. Mrs. Staudenmayer writes that their little girl is subject to croup and that in fifteen minutes after using Nash's Salve she breathes naturally and falls asleep.

Nash's Croup and Pneumonia works wonders in the treatment of head colds, chest colds, sore throat and asthma quickly. Feels good on cuts and burns and helps them heal. As a general all-around family remedy is safe and reliable and does not interfere with doctor's treatment.

Druggists sell good sized bottles of Nash's Croup and Pneumonia Salve for 30 cents and a bottle 2 1-2 times as large for 60 cents. Get one today—keep it handy. Sold by Palace Drug Store.

spoke for him. Both said they were convinced of his innocence of the charge of having aided in the "obstruction of the draft. Barry Miller closed in behalf of the majority report, and elicited applause when he pointed to the service star flag of the Thirty-sixth Legislature and said that it would be like tearing the stars from that flag for the House to permit a man who pleaded guilty to an indictment charging him with obstructing the draft to remain in the House.

Ex-Service Men File Charges

The charges against Neinst were filed on the day the Legislature opened when Robert B. Tharsher of Austin protested against the seating of Neinst. Tharsher was a captain in the Ninetieth Division. Neinst took his seat, under this protest, and then Tharsher, joined by Thomas G. Pollard, ex-service man, filed sworn charges claiming that Neinst had pleaded guilty to obstructing the draft was a felon, that he had been disloyal. An investigating committee was appointed by the House and this committee reported back that it had failed to find that Neinst was disloyal during the war, but that he had pleaded guilty to the draft obstruction charge, that he was fined \$50, and that inasmuch as he had pleaded guilty to a charge carrying with it a penalty of imprisonment, although Neinst had been given a prison sentence, that he, nevertheless, had been guilty of a felony. An act of Congress in 1909 defined a felony the conviction under any charge carrying with it a felonious penalty.

Neinst Defends Position

Neinst's defense before the committee and before the House was that he had pleaded guilty rather than to go through a tedious court procedure, and solely upon the advice of his attorney, John Mathis.

Affidavit for Neighbor's Son

William Thaler, the step-son of a William Rosenbaum, a neighbor of Neinst, had been summoned for draft in Washington County. Thaler made affidavit saying that Rosenbaum was a cripple, unable to till his farm, and that he, Thaler, had to do all the work and that his being drafted would in-

terfere with the carrying on of the work of the farm.

Neinst swore to the correctness of the affidavit. When the indictment was returned against Neinst Rosenbaum paid the attorney's fees, Neinst never read the indictment, he said, and pleaded guilty when Mathis advised him to. Rosenbaum paid his fine.

Cummings of Grayson, a member of the Neinst investigating committee, followed Neinst. He said that when Mathis had Neinst plead guilty to an indictment under the draft act, which plea laid him liable to a penitentiary sentence, he, as Neinst's attorney, knew he was pleading guilty to a felony. Cummings presented arguments showing that the right to vote is based on constitutional provisions, and that no felon can be a qualified voter and only a qualified voter can be a member of the Legislature.

Says Neinst Knew

Cummings said that Neinst testified before the committee that he knew when he pleaded guilty to the Federal charge that he could have been sentenced to twenty years in the Federal penitentiary, and that he had been for years a justice of the peace and knew the consequences of pleas of guilty.

Regardless of the smallness of the fine assessed by the Federal Judge, Cummings charged that Neinst stands the self-confessed violator of the laws of this country, a confessed felon and disqualified to sit as a member of the House.

"All Honor to Father."

"They say that his father was a Confederate soldier," Cummings said. "All honor to his father, but his son's name is on the record of the Federal one daughter survive the (deceased, tion of the draft."

Cummings said that talk of Mathis that he did not regard the charge as serious was unreasonable because the charge against Neinst involved patriotism to his country and was the most serious besides treason that could be brought.

Homer Joyce Is Found Guilty By Jury and Given 5 Years; Lewellen Released On Bond of \$10,000 and Case Is Continued Until Monday

Belton, Feb. 10.—A verdict of "guilty" was returned by the jury here this afternoon at 5:30 o'clock in the case of Homer Joyce, charged with the murder of John Zurovec, a Bohemian, at Temple, on Nov. 29, and his punishment was assessed at five years hard labor in the state penitentiary. The jury had been out since 10 o'clock last night.

When the verdict was returned, Joyce, who had been out on bond, was taken into custody by the Sheriff's department and placed in jail to await the action of the court on a motion for a new trial which attorneys for the defendant stated would be filed immediately. The defendant appeared calm and unshaken when the verdict was read, but women relatives who were present were heart-broken and wept bitterly when the sentence was pronounced.

Just about an hour before Joyce was placed in jail John Lewellen, who also stands charged with the murder of Zurovec, was released on bond in the sum of \$10,000, after an agreement had been reached with the state for his release from jail in that amount. This agreement came after the court had re-set the Lewellen case for next Monday, when it seemed that the jury in the Joyce case would not be able to reach an agreement in

time for the hearing of the Lewellen case to proceed and was passed until Monday on account of Joyce being a material witness in the case.

The hearing upon the Lewellen habeas corpus proceedings before the court of criminal appeals at Austin which was taken to that court after bond had been denied the defendant by Judge Blair, was to have been acted upon by that court today, but upon reaching an agreement with the state for bonds the court of criminal appeals was notified that the appeal had been withdrawn.

It was stated that there was a serious legal question involved in the Lewellen case as to whether or not he could be tried in the court here pending an appeal on the habeas corpus proceeding and having this in mind, attorneys for the state stated that they would agree for bond.

Before Sheriff Bonds would approve the bond for Lewellen he had three of the signers make affidavit as to their worth. Among those who signed the instrument were V. E. H. Reed, S. G. Garth, J. R. Whatley and several others. It calls for his appearance in the District Court Monday, at which time all witnesses in the case and the special venire of 150 men are summoned to appear for the trial.

ANNOUNCEMENT OF SUMMER SCHOOL AT A. & M. COLLEGE IS MADE

College Station, Texas, Feb. 15.—The 1921 Summer Session at the Agricultural and Mechanical College of Texas will begin June 6 and continue until August 27.

In this session the college will give instruction in subjects carrying credit toward graduation of leading to a certificate in the various two-year courses and will offer a number of courses carrying entrance credit to the college for the benefit of students who have not entirely completed the scholastic requirements for admission.

In addition to these courses carrying credit toward graduation, a certificate in agriculture and credit to the college a number of short courses for farmers, farm boys, cotton men, county agents and mechanics will be offered for the completion of which no college credit is given.

Including in the non-credit courses will be The School of Cotton Classing from June 6 to July 16; The Eight Weeks' Course in Automobiles and Tractors, June 13 to August 6; Farm Boys' Division, July 5 to July 30; Courses for County Agents, July 18 to August 27 and Farmers' Short Course, July 25 to July 30.

The catalogue of the Summer Session will be ready for distribution February 15.

TEXAS MINISTER SAYS CANCER IS CURED

The Rev. E. S. Tucker of Tye Tells of Successful Treatment by Dr. O. A. Johnson, Noted Specialist

The cure of a cancer without the use of the knife is reported by the Rev. E. S. Tucker, a Presbyterian clergyman, of Tye, Tex. After the usual round of ordinary treatment and hopeless experimenting, the Rev. Mr. Tucker consulted Dr. O. A. Johnson, eminent cancer specialist, of Kansas City, Mo. Mr. Tucker writes:

"I am very thankful that I went to your institution for treatment. I conscientiously believe that it is the best there is. I cannot say too much about your institution, your staff and your help. When I came home from your hospital, many of my friends asked me about your treatment and when I told them of your success, they said they were glad there was such an go to. My advice to people suffering with cancer or piles is to go to Dr. Johnson at once, and if there is anything that can be done, he and his staff can take care of you. May the Lord spare your life and give you health that you can continue the good work."

Dr. Johnson has published a remarkable book called "Cancer Truths," being a statement of his theories and experiences in treating cancer without the knife. Purely medicinal measures only are employed; that is, external applications to destroy the cancer and internal medication to purify the blood. This book will be sent gladly to any cancer sufferer, or if you have a friend write for it today. Suite 560, 1324 Main Street, Kansas City, Mo.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

only were both of my cancers permanently healed by you, but that your very efficient constitutional treatment has eliminated all the poisonous matter from my system.

"A little over three years ago a small sore appeared on the left side of my face. I tried the various salves to be found in the drug stores. Then I resorted to doctors. The first one treated me with an electric needle, but, I received no benefit. I doctored a while at home, after which I spent three weeks in San Antonio, eight weeks in Houston and eleven in Galveston, another cancer appeared, on my left ear.

"About that time I concluded to go to Dr. Johnson. I did, and in less than eight weeks both cancers were cured. Had I gone to Dr. Johnson earlier (when I first received the book, 'Cancer Truths') I would have

saved two out of the four doctor bills and doubtless would have received a cure inside of three weeks. To every person suffering with a cancer, I would urge you to lose no time in going to Dr. Johnson."

Dr. Johnson is one of the foremost cancer specialists. He has studied cancer many years and has treated thousands of cases successfully without the use of the knife. His book, "Cancer Truths," explaining his mild, non-surgical treatment and the various forms of cancer, will be sent free, postpaid, to anyone who writes to him at his research laboratories. Simply address Dr. O. A. Johnson, Suite 560, 1324 Main Street, Kansas City, Mo.

Prominent Western Man Praises Tanlac

G. W. Logan, Peabody, Kansas

"Tanlac has completely restored my health and I feel finer than in years," was the straightforward statement made recently by Mr. George W. Logan, of Peabody, Kansas, one of the most prominent stock dealers in the Middle West.

"It has not only made a new man of me but I have actually gained thirty-five pound sin weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac but they can see for themselves what it has done in my case."

"When I began taking Tanlac I was in an awfully run-down condition. I was away off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or anything else. My main trouble was indigestion. Nothing seemed to

agree with me. At times I would have dizzy spells and at other times by my back would ache so bad that I could hardly get up and down in my chair. This is just the condition I was in when I started to take this medicine. It took just six bottles to make a well man of me. I now have a fine appetite, everything tastes good and my digestion is perfect."

"My wife was also troubled with indigestion at times and it relieved her the same way. You may publish my statement wherever you like and if anyone doubts it, just tell them to see me."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for

calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Bryan Discovers That It Takes Votes To Elect President and Plans To Reorganize the Party to Get Them

Miami, Fla., Feb. 10.—"If the democratic party is going to be a force in this country, it must have members and the voters will not be willing to act through the democratic party unless they can control it," said William Jennings Bryan, at his winter home here today, in discussing the announcement yesterday in New York by former Judge R. C. Roper of Nebraska that Mr. Bryan and his brother Charles planned a reorganization of the democratic party.

Mr. Bryan said he had not known that a definite date for the launching of the movement had been set as announced by Judge Roper.

"I am in constant association with my brother," he added.

"My theory has been that a democracy is a government in which the people rule and a democratic party must recognize that authority comes up from the bottom and not from the top.

"Politicians try to use the party organization and the voters for their own benefit, while the voters try to use the party organization for the advancement of the public good.

"I do not expect much of any surface movements, that is, movements among the party officials. Progress will come through activity among the voters and they cannot act until they have a chance to select committeemen. Prior to this they can organize among themselves, discuss questions, pick out spokesmen and get ready for effective action when the time for the selection of the committeemen comes. This, I think, they should do. And this is what I hope to contribute to through my paper.

"If the proposed meetings of the sub-committees or the full committee have no higher purpose than the boosting of some particular aspirant for office they will do little. If, however, the members of the committee want to outline a constructive platform and call upon the rank and file for an expression of opinion, much may be accomplished."

"Past differences ought to be forgotten," Mr. Bryan continued.

"There can be no harmony in the party organization as long as the 'wets' or Wall Street or any other special interest attempts to use the party organization to keep party from doing its duty to the public.

"The people are intensely in earnest and the committee can best serve the party, not by burning incense before any particular idol, but by getting down to work for the protection of the public against exploiters. Senator Calder, of New York, stated the other day that the coal men had plundered the public to the extent of a billion and one-half dollars per year. That sum is greater than all the stealing done by all the men now confined in the penitentiaries of the United States—and nothing is being done to imprison the exploiters or to protect the public from them."

If your head is dizzy on stooping or rising suddenly and everything turns black before the eyes, you have a torpid liver. Take Herbine. It is a powerful liver regulator. Price, 60c. Sold by Pace-Marshall Drug Co. 43

THE BREAD AND BUTTER QUESTION

Six thousand teachers quit the profession in Texas annually. Can you blame them when you compare their annual earning capacity with that of men or women educated for business? Those entering the business world thru the route of the Bookkeeper, Stenographer, Private Secretary, or Operator, draw better salaries, twelve months of the year instead of six to nine months, and if they are made of the right kind of stuff it is long before they are promoted to assistant manager or manager of a business concern or engage in business for themselves.

Make a comparison of the teacher who after graduating from the High School spends from one to two years in the State Normal hundreds of dollars preparing himself, and has been teaching five years, with the Bookkeeper, Stenographer or Operator who has only spent from three to six months in obtaining his education after graduating from the High School and from one to two hundred dollars, and has had five years experience in the business world. You will find that the one who has spent only a few months in drawing the salary of the teacher, regardless of the fact that the teacher spent more time and money in the preparation for their life work.

More interesting facts on this subject can be had by writing the Tyler Commercial College at Tyler, Texas,

for their large illustrated catalogue giving full particulars of America's largest business training school, having four thousand enrollments annually. Thorough practical courses of business training given either by personal attendance or by correspondence. Read what teachers say who have attended this institution, as to how they have increased their earning capacity.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store, all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Bluford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

TAKE

CARDUI The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

Reduce The High Cost of Experience!

—Victorious soldiers—great statesmen—successful business men—early learned to profit by the mistakes of others. Experience is a capable teacher—but her charges are sometimes ruinous. In important things it pays to take advantage of the knowledge gained by study and observation and thus avoid the penalties that self-made error inevitably entails. —The wise youth, therefore, does not wait to learn from his own mistakes the incomparable value to himself of thrifty living.

—He sees around him examples that show the curse of profligacy, that emphasize the blessings of economy—and heeds their moral lesson by spending less than he earns and saving his surplus against the day of adversity.

We assist our graduates to secure positions. Write for catalog and information.

Nixon-Clay Commercial College
AUSTIN, TEXAS

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

L. D. Blackwell

BELIEVE DALLAS ROBBERY MYSTERY SOLVED BY ARREST

Dallas, Feb. 10.—With the arrest of three men in San Antonio, Texas, and a fourth man in Houston, Federal and county officers here today thought all members of the band which participated in the \$2,000,000 robbery of the Jackson Street post office substation, Jan. 14, were in custody.

The sudden swoop up on the alleged fugitives resulted from intercepted love letters from one of the men under arrest to a Dallas woman, according to officers.

The arrests, the officers say, account for all members of the band. Albert L. Rowan, son of a wealthy Dallas property owner and Ben Luna, former bartender, five days ago were sentenced to twenty-five years in the Leavenworth penitentiary. W. S. Scrivner, who confessed his part in the robbery, was withheld and Pat Murphy, a former convict, was killed in an automobile accident the night of the robbery.

According to Dan Harston, Sheriff of Dallas county, two of the men under arrest at San Antonio attended the trial of Rowan, Luna and Scrivner, sitting in the front row in the Federal Court room as interested spectators.

Houston, Feb. 10.—Charged with robbery on a warrant from the Federal authorities and with murder on a warrant from the State courts, J. F. (Johnny) Martin, former convict, is under arrest in Houston and is being held for the Dallas authorities. His arrest was in connection with the robbery of the Jackson Street post office at Dallas, Jan. 14 and the fatal shooting of George W. Street, a postal clerk.

Martin denies any connection with the Dallas robbery. He declares on Jan. 14 he was in Houston and insists he can establish a clear alibi. He admitted to Sheriff Binford he had been sent to the penitentiary for five years for burglary from Travis county, but says he was pardoned by Governor Hobby. He admitted acquaintance with W. S. Scrivner and Pat Murphy, two participants in the Dallas robbery.

Martin said he was in Dallas Wednesday of last week while the Rowan Luna trial was in progress and went to San Antonio before returning to Houston.

"I expected to be arrested in this case," Martin said. "I saw in a Dallas paper where they had implicated me."

Martin asserted that he is not acquainted with Albert L. Rowan, alleged leader of the Dallas robber band.

San Antonio, Feb. 10.—H. S. Halliday and an ex-convict who gave his name as George Wilson and believed to be "Mysterious Johnnie" are held in the county jail here in connection with the robbery of the Jackson street postoffice substation at Dallas, Jan. 14. They were arrested last night by deputies under John W. Tobin, who acted on information from the sheriff at Dallas.

Sheriff Tobin was informed by Dallas.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with urine acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

SCHOOL ENROLLMENT LARGEST IN HISTORY OF ROCKDALE SCHOOL

THIRTY-THREE AND ONE-THIRD PER CENT INCREASE OVER LAST YEAR

The Rockdale Public School now boasts the largest enrollment in its history, and Supt. Marshall informs The Reporter that he and the teachers are hard pressed to meet the requirements of the situation, and that another teacher for the remainder of the term would be a blessing to the school. There are now eight teachers for the grades, which is one more than the school had last year, but the enrollment has grown by leaps and bounds, while the attendance is 92 per cent of the enrollment, which is a splendid showing in itself.

The total enrollment is now 674, of which 481 are whites, and 193 colored. The first grade enrollment is 103, and two teachers are of course required in that grade. Last year the first grade enrollment reached the then unheard of figures of 78, and the year before that it was 52.

Supt. Marshall is now serving his second year, and the total enrollment has grown from 352 whites the year before he came, to 481 whites now—an increase of more than thirty-three and one-third per cent.—Rockdale Reporter.

Grove's Tasteless chili Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strength-giving, invigorating effect. Price 75c.

las officers that W. G. Scrivner, one of the robbers who turned State's evidence, furnished the address of the Leigh Street house and gave testimony implicating Halliday. Both men deny any connection with the Dallas robbery.

The sheriff's office also is developing a theory that one of the men is a member of the gang which recently robbed two banks at Hondo and one at Boerne.

Second Warning Given to Lawyer to Quit Houston

Houston, Feb. 15.—Masked men Saturday paid their second visit to B. L. Hobbs, attorney was tarred and feathered here a week ago.

Mr. Hobbs having left his home here, the Saturday visit was made to him at Alvin, where he went when he left the city several days ago.

According to the story told by Dr. L. W. Charlton of Alvin, over the long distance telephone to The Chronicle, Hobbs arrived at a garage in Alvin about 10 a. m. to ask for his car.

Almost simultaneous seven men wearing hoods and gowns approached him. They told him to get into his car and precede them to Manvel. The car failed to work. An automobile belonging to H. H. Ford of Alvin was commandeered, Doctor Charlton was told to follow later with Hobbs' car when it was fixed and the party set out.

"I overtook them about half way to Manvel," said Doctor Charlton. "They told me to take Ford's car back, and Hobbs got in his. I heard them tell him to go ahead. I think they followed him. I turned back. I did not recognize any of the men. In fact, I did not try to. They had rent cars."

None of the men had returned to Alvin.

At 10:30 Hobbs passed through Manvel, bound for Houston, it was stated at Moore's store. He did not appear excited, it was said. He was accompanied by no one.

Mrs. W. B. Chambers of Alvin, Mr. Hobbs' sister, told The Chronicle that Mr. Hobbs was leaving Alvin Saturday.

"He left his baggage to be sent after him when he decided definitely where he would go," she said. "I do not know just where he intended to go. Yes, I heard a story that went around here this morning, but I don't know anything about it."

Why will you feed badly damaged Maize Heads and risk killing your mules, when you can get first class corn at The Oil Mill? 40-31

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Cameron case:

Mrs. S. A. Gjedde, Cameron, gave the following statement June 26, 1915: "I am glad to endorse Doan's Kidney Pills for they have done me so much and I wasn't able to do my work. I was down in bed part of the time and suffered constantly. My head ached and I could hardly see from dizziness. Rheumatic pains darted through my back and sides. My kidneys acted too often and most of the time not freely enough. I was caused much pain and there were other signs of kidney weakness. I was in a bad condition when I read about Doan's Kidney Pills and sent to the City Drug Store for them. Two boxes of Doan's put my kidneys in good order and rid me of the pains in my back."

On July 2, 1919, Mrs. Gjedde added: "All I have previously said in recommendation of Doan's Kidney Pills I gladly confirm. I wish to say I feel I owe my good health in my advanced years to Doan's Kidney Pills."

The Spinal Cord

The spinal cord begins at the brain and proceeds down through the center of the spinal column, supplying nerve fibers in pairs to body cells through the various openings or intervertebral foramina. These nerve fibers radiate to all parts of the body in such volume that the prick of a pin on any part of the flesh will strike one or more of them. If the spinal cord itself is impinged sufficiently it will cause total paralysis of the body below such pressure. This proves that motor power originates with the brain. If any of the nerve fibers emitting through the openings between the vertebrae are impinged, it will accordingly affect the body part which the impinged nerve supplies. The Chiropractor locates this impingement and removes it.

Friday 18th AUDITORIUM Saturday 19th "IDOLS OF CLAY" A PARAMOUNT PRODUCTION

See Mae Murray's "Chiffon Dance"!

See the Secrets of an Opium Den!

The man had worshipped a beautiful woman. Had laid all his love and hopes at her feet. Only to find her a cold and killing mockery. The girl had worshipped her father. Thought him a saintly benefactor of men. Only to find him a murderous rogue. So here life had tumbled them—broken, hopeless, abandoned—a little clay in the mire of an underworld dive. But the clay was warm with youth, and in it a glimmer of old, fine dreams. The rest is a heart-stirring story of two soul's regeneration.

"Love not, love not, ye glowing sons of clay. Things that are made to fade and fall away"

But the idols were fair, and the blood young, and the morrow seemed far off. And so—

A tale of love on a languorous isle of the south, where amid the spawn of whisky-smuggling rogues a broken son of adventure found his mate.

A tale of London's shadows, London's lights, where the child of the island came, wide-eyed, to learn of life.

And found only dregs! In gorgeous resorts of wealth. In gay, wild haunts of Bohemian Soho. In Limehouse dens that welcomed her when hope was dead. Until one unforgettable night....?

A screen romance like nothing ever shown before. Athrob with stirring events. Alluring in its beauty. Warm with the beat of hungry, human hearts.

A Towering Climax to George Fitzmaurice's "On With the Dance" and "The Right to Love."

Monday and Tuesday February 21 and 22 "Soldiers of Fortune." Wednesday and Thursday February 23 and 24 "Fourteenth Morn." Friday and Saturday February 25 and 26 "Cradle of Courage." William S. Hart.

YOUNG COUPLE SURPRISE THEIR FRIENDS

Sunday evening, February 6, 1921, Mr. Carroll Gregory and Miss Rosa Jones drove over from Taylor, where Miss Jones had been visiting her sister, and were married at the W. S. Elliott residence, Rev. Elliott saying the ceremony that united these two young lives for the future journey together. After the ceremony they returned to Taylor.

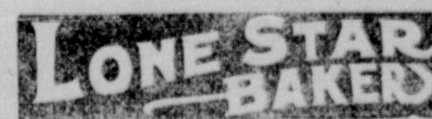

The bride in this instance is the daughter of Mr. and Mrs. Geo. Jones of Thorndale, and has spent her young life in his city and San Gabriel. She is an unusually attractive girl, in fact, no doubt if Texas soil produces a fairer daughter, and besides these good looks, which nature has endowed her with, possesses the more wonderful attributes which endure down the length of time.

Carroll Gregory is the son of Mrs. W. D. Burkhardt and a good specimen of the Thorndale country. For a profession he follows the art preservative, printing, and is imbued with plenty of qualities to make a successful character. The Champion force join their friends not only in wishing them much happiness, but also the hope that when the last publication day rolls around the old press will turn out a clean sheet to mark the years that have passed for them—with no ink blotches to mar the record.—Thorndale Champion.

come to Milano, that Mr. Leonard Shelton of San Antonio had lost his little baby, and had brought it to Milano for interment.

Mrs. ALLIE KINARD

Do You KNOW That You're HEALTHY

Has anyone ever told you that, in one respect, you are in perfect health— Well—you are.

When you were born Nature deposited to your credit in the bank of Life a great big ample capital of—NERVE FORCE.

You have all the Nerve Force you ever had—one one hundred per cent. Sufficient to restore and keep you in perfect health.

But are you getting the full benefit of your Nerve Force? Is it being distributed to all parts and organs of your body? One thing is certain, if there is an obstruction to the nerve leading to any part or organ, there you will find dis-ease. Health is the natural expression of normal Nerve Control. Therefore, dis-ease is the opposite—the lack of normal Nerve Control.

Chiropractic is the art and science of locating Nerve pressure, which is the primary cause of dis-ease, and removing same. It is scientific because it is proving, every day, that when the adjustment is made, relieving the nerve pressure, Health returns.

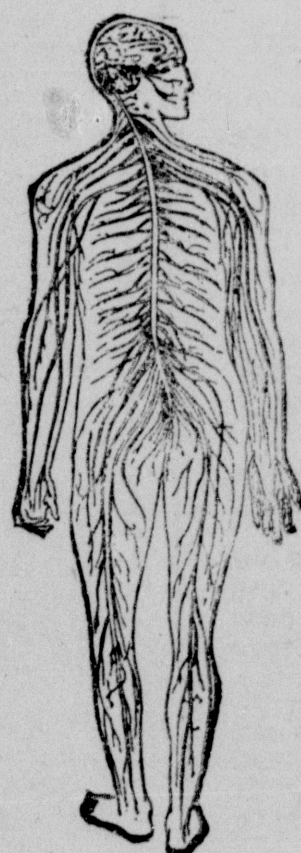

Where the Nerves Emit From

All the nerves in your body emit from the SPINAL CORD between the 24 MOVABLE segments (bones) that compose the SPINE. If one or more of these bones are forced out of normal alignment by falls, jolts, strains or a thousand and one other ways, some of these nerves that feed different organs or parts of your body are PINCHED and that organ or part of your body can no more function (work) properly than your watch could run without a main spring. Sit on your foot and it "goes to sleep"—you shut off the current and the foot is temporarily paralyzed. Step on the hose and the water cannot run freely. What shall we do in these cases? Shall we cut the foot off, or shall we get off of it and let it become normal again? Shall we doctor the nozzle of the hose or shall we step off and allow the water to again flow freely as before? Which appeals to your Reason as the best thing to do?

Are You As Active as Your Nerves

All of these functions and activities of the body are dependent upon Nerve Force. The functional activity of your organs; your circulation and that elimination of wastes which keeps your body clean, are all dependent upon your nervous energies, and your nervous energies are primarily dependent upon the condition of your spine.

Many men and women have gone through life handicapped by a slight misalignment in the spine, pressing upon nerves, resulting in lowered vitality and never able to put into effect their business ability to any marked extent. While others in a like condition have had their spine corrected and health restored, making the best of their abilities and are successful.

The above cut shows the brain and spinal cord. The nerves branch out from the spinal cord in pairs between each of the 24 vertebrae of the spine. It is the slipping of these vertebrae out of their normal position that causes pressure on the nerves as they leave the spine.

The Chance Today

Chiropractic is your opportunity, embrace it! Do not plead as an excuse that you have no confidence in it. You DON'T have to have confidence. Confidence has nothing whatever to do with your getting well. Chiropractic hinges on the fact that for every effect there must be a CAUSE, and that CAUSE lies within the one effected, and that by removing the CAUSE the effect, which is disease, will disappear. Your confidence or lack of it has nothing whatever to do with the adjusting of the CAUSE of your trouble, and when the CAUSE is corrected you will get well, whether you wish it or not.

Thousands of cases that have baffled every other methods, and many of these in which it seemed impossible to save the last dim flicker of life, have found our work to be Nature's GREATEST helper—the helper that has ACTUALLY demonstrated itself to be EFFECTIVE beyond the most sanguine dreams of the sufferer, by dispelling disease and restoring normal, vigorous HEALTH.

A. B. GUINN

Chiropractor—North Side Square
Cameron, Texas

Everybody knows that if any part of the body was not getting the proper amount of blood supply that disease would result. This is just what happens when there is a pressure on nerves that lead to any part of the body—the part not getting the normal amount of nerve supply becomes diseased. If I cannot help you, I will not take your case.

LABOR RULES BURDEN COSTS OF R. R. SERVICE

U. S. Railroad Labor Board
Asked to Stop Payments for
Work Not Done.

WOULD SAVE \$300,000,000

Lower Cost of Service Can Be Secured
Only by Cutting Expense,
Atterbury Says.

Urging emergency action by the United States Railroad Labor Board to end "gross waste and inefficiency" prevailing under present working rules and conditions, General W. W. Atterbury, vice president of the Pennsylvania railroad, in a statement to the board in session at Chicago said in part:

Many railroads are not now earning, and with present operating costs and traffic have no prospect of earning, even their bare operating expenses, leaving them without any net return and unable to meet their fixed charges.

The emergency presented can be met either by an advance in freight and passenger rates, or by a reduction in operating expenses.

With declining prices and wages in industry and agriculture, the country demands that the solvency of the railroads must be assured by a reduction in operating expenses, and not by a further advance of rates.

The National Agreements, rules and working conditions forced on the railroads as war measures cause gross waste and inefficiency.

Would Save \$300,000,000

I estimate that the elimination of this waste would reduce railway operating expenses at least \$300,000,000. It would be far better to save this sum by restoring conditions of efficient and economical operation than to reduce wages.

We believe that as the wages of railroad employees were the last to go up they should also be the last to come down, but we do insist that for an ample wage an honest day's work shall be given. The public has the right to insist that this must be obtained.

The public has also the right to expect that the railway executives, with the co-operation of the regulatory bodies and the employees, will as rapidly as possible, reduce the cost of railway operation so as to insure eventual-

ly a reduction in rates. Ultimately a readjustment of basic wages will be required. Meantime it is to the interests of all concerned, including labor, that the rules and working conditions shall be made conducive to the highest efficiency in output per man.

Losses in Income Irreparable

When wages have been too low the harm done has been offset by retroactive increases. Losses of railway net operating income are irreparable. You cannot make retroactive tomorrow the savings that should have been made today.

The board cannot possibly write the rules and working conditions of every railroad in this country and adjust them equitably to varying geographical, operating and social conditions.

It rests entirely with the board to determine whether this whole situation shall drift into chaos, and orderly procedure become impossible except at the price of railroad bankruptcy, financial shock and still wider unemployment.

The Labor Board can prevent this catastrophe by declaring that the National agreements, rules and working conditions coming over from the war period are terminated at once; that the question of reasonable and economical rules and working conditions shall be remanded to negotiations between each carrier and its own employees; and that as the basis for such negotiations, the agreements, rules, and working conditions in effect on each railroad as of December 31, 1917, shall be re-established.

If the board will do this, the Labor Committee of the Association of Railway Executives will urge upon every railroad company a party to Decision No. 2, that no proposal for the reduction of basic wages shall be made within the next succeeding ninety days. This will afford an opportunity to gauge the economies which can be accomplished through more efficient rules and working conditions.

It also will afford additional time in which to realize the benefits of a further decline in the cost of living.

Relief Imperative and Equitable

The course which we are recommending is not only imperative but equitable.

The War Labor Board declared that the war period was an interregnum, to be used neither by employer nor employee for the purpose of bettering or impairing the position of either.

To perpetuate as the normal rules and working conditions on the railroads, the extraordinary provisions of the war period is a distinct violation of all promises. The war has now been over more than two years. The time has come when, if the railways are to be efficiently and economically operated, in accordance with the provisions of the Transportation act, normal conditions of employment and of working conditions must be restored and increased efficiency of labor be secured.

WOMAN KILLED BY BANDIT NEAR PARIS

ROBBER FORCES HER TO GO
WITH HIM AFTER HOLDUP
OF HER ESCORT

Paris, Texas, Feb. 13.—Marie Edwards, 20 years old, who lived with her brother on Shiloh street, was found dead in a wooded pasture two miles northwest of town at daylight this morning. At one o'clock this morning Sheriff Brown received a telephone call from a young man who said that while he and the woman were seated in an automobile a short distance from the road, another automobile passed and that shortly afterward a man walked back with a handkerchief over his face and presenting a pistol, made them get out.

The woman's companion was made to hold up his hands and his pockets were taken. When the alleged robber left they were unable to crank their automobile, the battery having gone dead. They started to walk back to town and had only gone a few steps when they were fired on, he says. A bullet struck him in the breast, but encountered a button, and glanced. He fell to the ground and feigned death, according to his story, and another bullet entered his right foot. The woman was seized and dragged away a few hundred yards, and after a little while the report of a pistol was heard, the man said.

The officers found signs of a struggle. The woman's slippers and money purse were found near a creek, and after daylight the body was found a short distance away. The pocketbook is supposed to have been dropped by the robber in struggling with the woman at the creek.

There have been no developments since the finding of the body. The woman was married, but she and her husband had not been living together for some time. He lives in Denton. He was notified of her death.

It is easy to get rid of the misery of heartburn or indigestion. Herbine goes right to the spot. It drives out the badly digested food and makes you feel fine. Price, 60c. Sold by Pace-Marshall Drug Co.

BLOCK DESTROYED IN BROWNWOOD

EXPLOSION PRECEDES BLAZE
WHICH CAUSED LOSS OF
\$215,000

Brownwood, Texas, Feb. 13.—Fire at 3 o'clock this morning originating in the Dixie Theater building on Baker Street destroyed an entire block in the heart of the business section here with an estimated loss of \$215,000, with fire insurance of about \$185,000. The losses were:

R. B. Rogers Dry Goods Company, building and contents, \$155,000.
Dixie Theater, building and contents, \$30,000.

Moore Construction Company and Brownwood Electric Company, buildings and contents, \$25,000.

Coggin National Bank, damage to building and fixtures, \$5,000.
The Coggin National Bank was the only building left standing in the entire block. The heavy fire damage was sustained.

A mysterious explosion rocked the business section at the outbreak of the fire, leading to the theory that burglars were attempting to blow a safe in one of the buildings.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

The Evidence Is At Your Door.

Cameron proof is what you want and the statement of this highly respected resident will banish all doubt: W. H. Ledbetter, horseshoer, 14th St., Cameron, says: "About four years ago, my back and kidneys were in bad shape. Everybody knows that horseshoeing is hard on the back and kidneys, owing to the position and strain across the kidneys when holding a horse's foot. My back and kidneys became weakened and caused me a great deal of trouble. My kidneys caused me a great deal of annoyance by the too frequent passages of the secretions, which were at times, painful and it seemed as if the muscles of my back were tied in a knot and when I stooped over, it was mighty painful to straighten up. It was then I first took Doan's Kidney Pills and they relieved me quickly and promptly. I feel justified in recommending them to anyone for kidney trouble."

HOW TIMMIE MADE THE TOUCH DOWN
THAT WON THE GAME

BANK CASHIER IS BRUTALLY MURDERED BY A LONE BANDIT

ROBERT L. KIRBY OF BLUE
RIDGE BANK BEATEN TO
DEATH—ADDS GRUESOME
CHAPTER TO CRIME
WAVE

Houston, Tex., Feb. 16.—Robert Lee Kirby, assistant cashier of the Blue Ridge State Bank, was brutally murdered and that institution looted of funds on hand when a lone man entered the bank Tuesday morning at 9:15, through a rear window.

On Tuesday afternoon, one suspect had been arrested, and is held in the county jail. Five thousand dollars is the amount estimated stolen.

The identity of the bandit-murderer hinges upon a description given by an 11-year-old boy who saw him make his escape from the bank. The boy says the robber was dressed in corduroy trousers, white shirt and blue coat. It is said that a white undershirt, bloodstained about the neck, and other wearing apparel bearing blood stains were found in the possession of the man arrested, whose name Sheriff T. A. Binford refused to divulge.

May Have Accomplice

A rumor to the effect that the man who entered the bank was not alone, but was accompanied by two accomplices, is receiving the attention of the police. In this connection A. V. Cox of 1015 Main street, who is engaged in caring for a number of small crafts tied up at the foot of Sixth Street, Magnolia Park, reported Tuesday afternoon that three men, answering the rather vague descriptions of the murderer and his companions, had been seen in the vicinity of Brays bayou for the past two weeks. He stated that the men seemed to be supplied with plenty of money and that they had been attempting to purchase a boat having negotiated with Henry F. Wenzel of 1413 Preston avenue for the sale of his boat, now tied near Magnolia Park.

Cox declared that one of the men wore corduroy trousers, a white shirt and blue serge coat. The others were dressed in army shirts and khaki

ki trousers, one of them occasionally wearing a sweater.

The savage murder of Robert Lee Kirby and the looting of the Blue Ridge State Bank, where he was employed as assistant cashier early Tuesday morning, completed another chapter in the recent history of crime. From all that could be gathered, the bandit who entered the bank some time between 9:30 and 10, killed Kirby with a safe handle and escaped with approximately \$5000, operated singly and alone. Several suspects were seen in and about Blue Ridge and the police organization of Harris, Fort Bend and Brazoria counties are now exerting every possible effort to apprehend the bandit-murderer.

Desperate Fight

That Kirby fought desperately in defense of his life is evidenced from the condition of the bank when the crime was discovered, and the horrible manner in which his body was mutilated. Besides 16 ugly gashes about the head and a fracture at the base of the skull, the flesh had been taken out in nicks on the fingers of both hands and right thigh. Across the knuckle of the index finger of the left hand the flesh had been laid bare almost to the bone in a jagged, irregular gash which might have been made by the teeth of Kirby's assailant. The left side of the assistant cashier's head presented one bloody sodden mass of bruises. Long apertures in the skin of the forehead ran almost vertically upwards from the brows, ending in the long hair of the head.

The actual scene of the murder was revolting for blood was spattered about the floor and various articles within the vault and teller's cage. Red smears streaked across the walls and the sanguinary steel weapon with which Kirby was done to death, was found lying nearby.

Victim of Slight Build

The fact that Kirby could have afforded his assailant such a battle is considered remarkable in that he was of comparatively slight physique and but lately recuperating from illness. Houston Allen, 11, a messenger in the employ of the telephone company at Blue Ridge, was first to discover the crime. He was dispatched to the bank when it failed to respond to a telephone call. Going to the rear of the building, the boy was in time to see a man clamber out of a window, dressed, according to Allen, in corduroy trousers, white shirt and blue coat. The man's garments were besmeared with blood, stated young Allen, which prompted him to run to a drug store in the vicinity and give an alarm.

Dr. C. C. Nash, who operates the drug store, together with R. M. Harvey, went immediately to the bank where they found Kirby stretched upon the floor, just inside the teller's cage, and surrounded by the bloody evidence that an intense and brutal

Four Year Old Child Heroically Saves Mother

Claude, Tex., Feb. 16.—The childish efforts of the 4-year-old son of Mrs. Bert Slay of Claude to secure aid for his mother by means of the telephone which he could barely reach and which he had but a vague idea how to use, undoubtedly saved his mother's life after she had been buried under an avalanche of machinery and debris from a collapsed windmill.

Slay had gone to town and during his absence, Mrs. Slay noticed a peculiar knocking in the windmill and suspecting something wrong went to fasten the wheel. When she placed her hand on the ever, the upper part of the structure collapsed and the huge wheel crashed to the bottom.

Buried Under Wreckage

Mrs. Slay was buried under the fight had taken place.

Police Notified

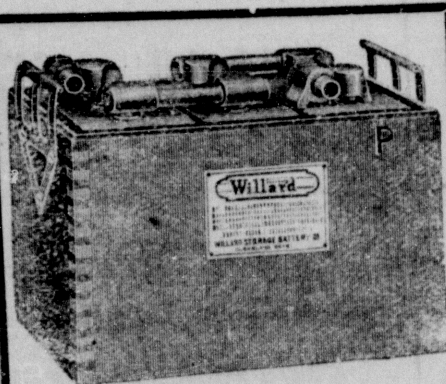

The local police were notified at once, and a call sent in to Houston which resulted in the arrival, later, of 10 Houston policemen, and Sheriff T. A. Binford of Houston, with his men. They were later joined by Sheriff H. W. Collins of Fort Bend county, and all of these, working in conjunction with one another, threw a cordon of police about the town so that escape of the murderer, were he still in Blue Ridge, was made practically impossible. Then a house to house search was instigated, resulting in naught. No one was permitted to pass either in or out of Blue Ridge until properly identified.

Other than a description of the murderer given by the Allen boy, nothing of a tangible nature leading to his identity was uncovered.

wreckage and rendered unconscious. With rare presence of mind the child attempted to rescue his mother but the wreckage was so heavy he could not move her. By means of a box, however, and a post as a lever, he actually succeeded in lifting the weight of some of the wreckage.

The sight of his mother unconscious and bleeding made him realize that help was imperative and the little lad rushed to the house, pushed a chair up to the phone and started in a vain endeavor to get help. The phone is one of the rural variety, necessitating the ringing by means of a small handle or crank to get central.

The little fellow rang and rang without apparent result, all the time crying pitifully into the phone that "Mamma was hurt. Come quick."

Neighbors Heeds Call

The peculiar ringing attracted the attention of a neighbor also on the line, who "listened in" and who tried to converse with the child. She made him understand who she was and gathered from the child's inarticulate cries that something was wrong. Hastily summoning a physician, she got help and ran to the Slay home where Mrs. Slay was found buried under the wreckage still unconscious.

She was taken to the house and her wounds dressed. She suffered a severe gash on the top of her head and nearly scalped her. One vertebrae

of her back was crushed and she was other, ice bruised about the body, but is resting comfortably and will recover, physicians say.

Ford
THE UNIVERSAL CAR

The Ford Coupe

MORE and more this fine enclosed car for two—but it will carry three—is growing in popular demand. Strongly built, the body rests upon that marvelous Ford Chassis. It brings to its owner every modern-day convenience; easy riding—while sliding plate glass windows make it breezy and cool in hot weather; dust, proof and water-proof when the windows are closed—it is cosy and comfortable in inclement and wintry weather. Then there is the durability of the car, coupled with the low economy of first cost and the savings of money in operating expenses. Behind it, and every other Ford car, is that surpassed "Ford After-Service" which is given by the army of Ford dealers scattered all over the country, together with some 15,000 authorized garages, until the Ford owner is always within immediate touch of dependable, reliable service, where the genuine made Ford parts and the genuine Ford methods are applied in the care of this car.

The Ford Coupe administers to a great variety of owners from the physician to the traveling man, from the engineer to the architect, and then for a pleasure car for two it is unbeatable. We ask your early order if you want a Ford Coupe, because we want to make delivery as quickly as we can but we must have a little time. Come in and talk it over.

A VALENTINE TEA

The following is a tea given in which Misses Mildred and Mabel Akin participated:

Contributing greatly to the pleasure of her friends, Miss Mae Kyle Shumway was hostess on Saturday afternoon at her home on North 15th street, when she entertained with a pretty valentine tea.

Crimson flowers were the decorations in the home. In the hall geraniums, ferns and brass candle sticks holding red tapers were noted; in the living room carnations and geraniums and crystal candlesticks with red candles and in the tea room silver candlesticks with glowing tapers lighted a Valentine scene laid on the tea table.

An ambitious boy was fishing in a mirror lake for the heart of a Valentine girl who was just across the lake. Life's canoe was anchored near and the scene told the Valentine story prettily.

Red bows and candles and Valentine suggestions lent beauty.

Heart-shaped sandwiches, cakes and mints and tea were served.

Mrs. Shumway wore black satin heavily beaded and Miss Kyle Shumway a lovely spring taffeta gown of Nile green and silver and her corsage was of sweetpeas.

At the door were Misses Sarah Sonneman and Robbie Mae Nichols. Miss Mae Kyle Shumway introduced Misses Ayree Capell of Mexia, Ruth Lewis, Mildred Hicks of Dallas, Helen Morgan, Capitola Morgan of Fort Worth, Pauline Crow, Mabel Akin of Cameron; while Miss Kate McCullough presented Miss Mildred Akin of Cameron. Others in line were Misses Georgia Hanley, Mary Lou Crosthwait and Mildred McCullough.

Mrs. John Dollins presided at the tea table assisted by Misses Mary Lou Stratton, Evelyn Le Bow, Dorothy Vaughn, Lela Seawell, Mrs. Florence Crow, Mesdames Jas. P. Alexander and Alexander Dollins.

Misses Thelma McBride and Sarah Norwood were stationed in the hall where they danced.

A much enjoyed program was rendered during the evening by the following:

Reading—Mrs. Martha F. Haun.
Song—Mrs. James L. Staton.
Piano Solo—Mrs. Alexander Dollins.
Violin Solo—Annie Louise Shumway.
—Waso Times-Herald.

PRISCILLA CLUB

Mrs. Albert Triggs was hostess to the Priscilla Club last Thursday afternoon.

This was the time for their annual election of officers and no guests outside the club members were invited.

An interesting fact, though, of note, was that fifteen members were present out of sixteen.

Roll was called, minutes read and adopted, after which the election of officers was as follows: Mrs. Oxsheer Smith, president; Mrs. George Graves vice-president and Mrs. Simmie Burns, treasurer.

A delicious salad course was served consisting of chicken salad, pear salad, sandwiches wafers, olives and tea.

BIRTHDAY PARTY

Little Miss Helen Blaylock celebrated ninth birthday last Wednesday afternoon and delighted her little friends with a valentine party.

Red hearts were strung everywhere and the lights had red heart shaped shades.

A valentine box was produced and it contained a lovely valentine for each child.

Games of all kinds were played, chief of which was a heart contest. Ralph Wiley won in this and was given a beautiful valentine.

Miss Gladys Blaylock assisted her mother in entertaining and serving the children. Ice cream and cake was served with a string of red hearts as plate favors.

The big white birthday cake with nine pink candles came next and what a jolly time they had cutting and searching for the ring which Cyrus Miller found, the dime by Margaret McCown and button by Gladys Davis. Helen received a ring, a number of handkerchiefs, books, perfume, stationery, valentines.

BIRTHDAY DINNER

Last Thursday night Mrs. J. D. Dobbins surprised her husband with an elegant dinner and invited his entire store force in to enjoy it with him.

They arrived in a body and took Mr. Dobbins in complete surprise and not until the dining room door was thrown open did he understand just why his visitors had come.

Mrs. Dobbins was assisted by her daughter, Mrs. Simmie Burns, and the men were seated around a beautiful

fully laid table with the centerpiece of red Japonica.

Three courses were served just like the men enjoy, consisting of soup first, then turkey, with its "accessories" complete, Charlotte Rouse and angel food cake, and cigars in the parlor. The evening's pleasure wound up with a trip to the picture show.

Those of the party were Messrs. J. D. Dobbins, Harvey Dobbins, Dan Gunn, Robert Bailey, T. O. Hamilton, Jack Andrews, George McGehee and Simmie Burns.

The force showed the high esteem in which they held Mr. Dobbins by presenting him with a handsome gold fountain pen with his name on it.

YOUNG LADIES BIBLE CLASS

In honor of Miss Alice McGehee who has been such an inspiration and help to the class and to welcome their new teacher, Mrs. Culpepper, these young ladies of the Baptist church gave a party last Friday night at the home of Mr. and Mrs. Simmie Burns.

The home was beautiful in narcissus and other cut flowers. There were about twenty present and all sorts of contests and games whiled the time away all too soon.

A delicious salad course was served consisting of chicken salad, fruit salad, sandwiches and tea.

BIRTHDAY DINNER

Mrs. R. H. Redfield gave a big birthday dinner to several members of her family whose birthdays came within the week—that of Mrs. T. P. Redfield, Messrs. Clarence, Frank and Robert Redfield.

Ferns and jonquils adorned the house and table.

A delicious turkey dinner with everything before and after and to go with it was served by Mrs. Redfield. The big cake, however, was fixed for Robert Redfield, who is just seven years old.

It was a delightful family gathering. Others present were: Mrs. C. V. Crim of Yoakum, Mrs. Joe Nahler and children, Frank Nahler, Mrs. Hutchins and John Sanders.

BAPTIST AUXILIARY

Circle No. 1 met with Mrs. O. L. Kidd with seven in attendance.

Mrs. J. M. Ralston was leader and conducted an interesting lesson from their study book: "Missions in the South."

Circle No. 2 met with Mrs. George A. Thomas with twelve in attendance. Mrs. R. P. Collins led them in a profitable lesson about their mission work in the South.

Circle No. 3 met with Mrs. J. B. White who also made the study for the afternoon both interesting and profitable to those who were fortunate in being able to attend.

Circle No. 4 met with Mrs. Wilkerson and reorganized. Mrs. Paddock was made chairman and Mrs. Sallie Phillips secretary. There were ten present.

BRESBYTERIAN AUXILIARY

There were thirteen present to discuss and study Christian Education and Ministerial Relief on Monday afternoon at the church.

Mrs. Henry McFadyen was pleasing leader.

Devotional exercises were conducted by Mrs. Robt. McLane, Mesdames C. W. Lawrence, Lou Meyers and C. N. Butts read articles relative to the subject.

MEN OF STATE BANK ENTERTAINED

Mr. and Mrs. George Graves gave an elegant six o'clock dinner to these gentlemen last Friday night.

After all had arrived they were invited into the dining room and found their places with violet place cards.

The centerpiece was a large cut glass bowl of violets and dainty fern.

Mrs. Graves served four courses which was very much enjoyed by all.

After repairing to the living room for a smoke they enjoyed a few games of forty-two.

WOMAN'S MISSIONARY SOCIETY OF METHODIST CHURCH

A large number of these ladies met at the home of Mrs. R. L. Batte, Sr., and a newly organized society of Buckholts ladies were also present, seven in number. Mrs. Batte's home was a valentine retreat, indeed.

The living room was covered in red hearts red streamers and a shower of hearts hung from the chandeliers and white narcissus were the flowers used. In the dining room were golden hearts. The table cloth laid with a lace cloth over yellow satin and a brass basket of yellow flowers on a reflector surrounded with ferns formed the centerpiece.

The guest room was in blue hearts and the parlor in pink.

Mrs. A. J. Akin was leader for the afternoon and an interesting lesson conducted on Missions.

Mrs. Batte served the ladies a most delicious shrimp salad, heart shaped pimento sandwiches, olives, pickles and tea. Plate favors were kewpies.

A heart contest followed. The ladies were blindfolded and pinned a little heart to the center of a big heart. Mesdames Hamilton of Buckholts and Tom Denson tied in this and were given each a lovely valentine. Mrs. W. J. Clark pinned farthest from mark and was given a box of heart chewing gum.

Six new members were enrolled as follows: Mesdames George A. Thomas, L. T. Lewis, David Smith, A. E. Brady, R. B. Brady and T. E. Nabours.

CARRIE YOE CLUB ENTERTAINS

Last Thursday afternoon from four to six the spacious Morrison home was the scene of merriment. The occasion being a party for the Girls' Club by the Carrie Yoe Club.

There were sixty odd girls present to participate in the afternoon's pleasure.

The house was beautifully decorated in red and white streamers, red hearts, cupids, red roses.

Tables were arranged for forty-two, Rook and other games. Miss Loventhal had charge of the girls and was ably assisted by the hostess, Mrs. W. A. Morrison.

Just at this season of Valentine and George Washington's birthday the old Virginia Reel, or, as the English put it, "contre danse" an old time square dances were suitable.

Mesdames W. T. Hefley and W. A. Gillon were asked to lead the girls in these and to the music of the Victrola, they and the girls "tripped the light fantastic" not so gracefully as "George and Martha" but they had lots of fun.

The girls served heart-shaped cheese and pimento sandwiches, assorted cakes, olives and tea. As the girls marched out bidding their hostess good-bye they expressed themselves a shaving had a "wonderful time."

BRIDGE CLUB

Friday afternoon of last week the home of Mrs. J. L. Clinton was a scene of beauty and novelty when she entertained the Bridge Club.

The whole reception suite was aglow with red lights, red hearts, cupids valentines swinging and swaying everywhere.

The three white covered tables were tally pads were large red hearts tied with red ribbons.

Arranged artistically in the top of the piano were beautiful valentines and on the pianoforte were comic valentines in envelopes. When a game was won a lovely valentine was selected and when a game was lost a comic valentine was presented to be opened and laughed over before the crowd.

At the close Mrs. Tom Henderson, Jr., won high and was presented with a large corsage bouquet of red chifon roses and for low score, Miss Minnie Wolf was given a lovely red heart shaped box of candy.

Mrs. Clinton served a two course luncheon consisting of chicken salad, stuffed olives, heart shaped sandwiches, wafers, tea and ice cream topped with red cherries and individual white cakes with a red heart on top.

The plate favors were red chifon roses.

Just before leaving time the adjoining room was thrown open and with Mrs. U. S. Hearrell and J. L. Clinton at the piano all who wished danced a while.

Guests other than members of the Club were: Mesdames Stone of Mt. Clemens, Mich., George Thomas, Misses Beth Jeter and Minnie Wolf.

On Wednesday afternoon Mrs. H. R. McFadyen, assisted by Miss Mary McLane, delighted the members of the Presbyterian Girls' Club by taking them for an outing.

The girls gathered at the home of Mrs. McFadyen where cars were waiting for them and they were soon on their way to the woods and the "babbling brooks." Games were enjoyed until time for spreading lunch when these school girls proved that other things can be interesting to them besides games.

Those thanking Mrs. McFadyen and Miss McLane for the delightful afternoon were:

Jean McFadyen, Reba Young, Margaret Ford, Maggie Reed, Kathryn Robbins, Doris Robinett, Lorena Marburger, Elizabeth McDermott, Miriam McFadyen, Isabel Redfield, Gertrude Morgan and Hazel Williams.

Economy the Dominant Note of Spring 1921

Prices Tell the Delightful Story

Readjustment is a gradual process but one that in the end is rewarding the cautious buyer. Women who make a serious business of their buying have seen the clearing up of conditions and now are taking advantage of the real economies this store offers. Spring 1921 occupies a unique place in merchandising history. It marks a period when prices are reduced, twenty, thirty and even fifty per cent. It is the logical time for profiting by the reductions and to start the season a-fresh supplied with all one's personal needs.
